The home at 400 North Capitol for a while was the executive mansion of Aaron T. Bliss, Republican governor from 1901 to 1905. (AP Photo)

King Gives Up Belgian Throne

Leopold Abdicates In Favor Of Son, 20

By WILLIAM ANDERSON

BRUSSELS, Belgium — (AP) — King Leopold III of Belgium abdicates today in favor of his elder son, Prince Baudouin. The royal step-down comes after years of bitter wrangling over the king's marriage to a commoner and his relations with the Germans during World War Two.

Only an austere, private ceremony in the royal palace here was arranged for the 49-year-old monarch's signing of the abdication declaration. As heir apparent, the 20-year-old Baudouin assumes the title "King of the Belgians" as soon as his father signs away his royal prerogatives.

Leopold keeps the title of king, but no longer will be "of the Belgians." That makes him a sort of honorary monarch, with the prestige and honors but without the responsibilities and powers.

Baudouin, does not receive the royal powers until tomorrow, when he takes the oath to the constitution before parliament. In the interim 24 hours the cabinet will hold the royal powers.

The king himself had asked that the abdication ceremony be kept as quiet as possible. It was in sharp contrast to his spectacular horseback entry into Brussels 17 years ago, at the start of his reign following the death of his father King Albert in a mountain climbing accident.

Another Battleship Out Of Mothballs

WASHINGTON, D. C. — (AP) — The 45,000-ton battleship Iowa and two 27,000-ton Essex class carriers are being taken out of the mothballs and put in "standby status."

Three other 45,000-ton battleships—the Missouri, New Jersey and Wisconsin—already are in operation, along with three 15,000-ton Midway class carriers and nine of the Essex class.

The navy did not identify the two Essex type carriers to be put in standby status.

Boy Burns To Death

GRAND RAPIDS — (AP) — Nine-year-old Terry De Hoop burned to death today in a fire that destroyed the family home six miles west of here near Jenison. His father, Nelson, was burned seriously in a futile effort to reach Terry after carrying sons Jimmie, 7, and Randy, 2, to safety.

Ex-Wife Of Comedian Berle Slashes Wrists In Attempted Suicide

NEW YORK — (AP) — Actress Joyce Mathews, former wife of comedian Milton Berle, slashed her wrists yesterday in a suicide attempt while with showman Billy Rose in his plush midtown apartment.

The drama brought Berle to the hospital bedside of Miss Mathews. Rose summoned his wife, former Olympic swimmer Eleanor Holm, to the apartment located over the Ziegfeld theater. Saul Richman, Miss Mathews' special manager, said she had called on Rose to discuss teleports linking her name with Rose's.

Loves Razor Blades
Miss Mathews "felt all her work would be jeopardized" because of the reports and that the custody of her daughter, Vicki, 6, would be taken away from her, Richman said.

In the hospital, where her condition was described as not serious, Miss Mathews was reported in good spirits. Asked by police to give the motive for her act, she replied:

"I just love razor blades."

Using an axe and an oriental sword, police broke into a bathroom, where they found the blonde, 31-year-old actress unconscious.

"I told her something," police quoted Rose as saying. "Then she ran into the bathroom, saying: 'I'm going to cut my wrists.'"

Police said Rose would not disclose what he said to Miss Mathews.

Fight Resumed On Rollbacks

Economic Controls Debated In House

By WILLIAM F. ARBOGAST

WASHINGTON — (AP) — The House returns today to its hammer-and-tongs fight over economic controls with administration forces still trying to rally from a series of setbacks suffered last week.

A showdown is due late today or tomorrow on the paramount question of price rollbacks.

At issue is a proposal to ban any future rollbacks on farm products and to kill a 10 per cent beef price rollback already in effect.

This proposed amendment to a bill which would extend the expiring defense production act has heavy backing from a coalition of Republicans and Southern Democrats. Several members of this group also favor a ban against rollbacks on industrial products.

This same coalition has beaten the administration on major amendments already considered during a week of House action, refusing to give President Truman power to pay subsidies on agricultural products to impose quotas on beef slaughtering and to build defense plants.

Barring a move to kill price was and rent controls entirely—and that appears unlikely—one other big test remains before final House action. The coalition still wants to overhaul the wage stabilization board and reduce its present powers.

The White House said the President will fly "far enough to see the whole picture," undoubtedly flying as war west over the flood stricken area as Manhattan, Kas.

The White House said the President will fly "far enough to see the whole picture," undoubtedly flying as war west over the flood stricken area as Manhattan, Kas.

Cease-Fire Negotiators Make Progress In Korea

Cottage Hides Gambling Joint In Bay View

State Police Arrest 32 In Raid

BAY VIEW, Mich. — (AP) — A summer cottage in this fashionable Lake Michigan resort town was raided and, state police say, it turned out to be a craftily hidden gambling joint.

They arrested 29 patrons and three alleged French Lick, Ind., gamblers in the surprise raid Saturday night.

The raid was staged by Lt. Edd Freeman of the Cheboygan post, and eight other state troopers. After breaking in a door, they found nothing but the customary cottage furnishings.

Floor Rises Up
But under questioning, Lt. Freeman said, Woodrow Albright, one of the three Indiana men, revealed the location of a set of levers and pushbuttons.

Troopers put the works in operation. A section of the cottage floor rose up, revealing the gambling equipment, according to Capt. Earl J. Hathaway, commander of the seventh state police district.

Some of those held, he said, were engaged in storing gambling equipment in another opening in the floor of the basement. Two roulette wheels, several slot machines and several cases of whiskey were confiscated.

Fined \$10 Each
The 29 patrons were fined \$10 and costs of \$4 each when brought before Bay View Justice of the Peace Marrell Abbey, who set up court at the scene. They were charged with frequenting a gambling establishment. Justice Abbey had issued the search warrant against the place.

The same penalties were assessed against Albright and Luther Marshall, another of the Indiana men.

The third man, Bert Ballard, 51, was released on \$1,000 bond to await trial in circuit court on charges of operating a gambling establishment. He waived examination before Justice Abbey.

Build Navy Boats
HOLLAND — (AP) — The Roamer Boat Company of Holland has obtained a contract to build steel tug boats for the navy, proprietor Robert Linn says. The contract calls for 10 all-steel diesel-powered vessels, he said.

Red Riot Kills 10 As U. S. Peacemaker Arrives In Tehran

By ROBERT B. HEWETT

TEHRAN, Iran — (AP) — Iran's government proclaimed martial law in Tehran today after 10 persons were killed and more than 100 wounded in riots stemming from Communist protests at the arrival of U. S. Envoy W. Averell Harriman.

As Harriman prepared to meet Premier Nohammed Mossadegh in an effort to ease the British-Iranian oil crisis, the government radio broadcast a cabinet decree that martial law had been in effect since last midnight.

There were no signs this morning, however, of unusual military activity and conditions appeared normal.

The fighting broke out last night when supporters of the Premier clashed with 10,000 Communist-led "peace partisans" holding a screaming anti-American demonstration in parliament square to protest Harriman's visit. Police and troops with tanks, tear gas and rifles moved in and the shooting started.

Red sources said five of their number were killed. Other known dead included two policemen and three civilians.

President Truman's personal

envoy told reporters on his arrival yesterday he is confident friendly talks can settle the dispute over Iran's nationalization of the British-controlled Anglo-Iranian Oil company's billion-dollar properties.

Harriman said he had no specific proposals for a settlement, but emphasized he had full presidential authority to discuss all aspects of the nationalization dispute plus United States economic aid for Iran.

He brought with him a personal message from the President to Premier Mossadegh.

Mossadegh accepted President Truman's offer to send Harriman here after Britain and Iran broke off talks seeking to settle nationalization dispute.

KANSAS CITY TRAFFIC JAMMED — Thousands of motorists added confusion in flood-stricken Kansas City, Kas., as cars jammed bumper to bumper stalled traffic for hours, despite pleas from officials that rescue work was being hindered. Flooding Kaw River can be seen at left as it meets with the Missouri River. (NEA Telephoto)

Kansas Flood Peak Passes; Loss To Be Over 500 Million

KANSAS CITY, Mo. — (AP) — The nation's costliest flood passed its destructive peak in the Kansas City area today and surged on eastward in Missouri.

But this metropolitan area of 900,000 persons and eastern and central Kansas still reeled from the impact of high waters.

The twin furies of fire and flood lashed at Kansas City, Mo., and Kansas City, Kas., for the fifth consecutive day.

Fire Still Burning
Four industrial districts were under water. Transportation was crippled. The water supply was curtailed. A seven-block fire burned fiercely and destructively — just as it has since last Friday.

Sea Command Wrangle Ends

Adm. Sherman Arrives In Europe Today

WASHINGTON — (AP) — Admiral Forrest Sherman's scheduled arrival in Europe today suggests a conclusion may be nearing in a prolonged international wrangle over the assignment of supreme sea commands for North Atlantic Treaty Organization (NATO) forces.

The formally stated reason for the second trip to Europe this year by the chief of naval operations was that he would confer with Gen. Dwight D. Eisenhower, supreme commander of NATO forces in Western Europe and with American naval commanders there and in the Mediterranean area.

The Navy said Sherman also is to visit "a number of European countries, including England, Italy and Spain, in each of which he hopes to have an exchange of views with American representatives and foreign officials on questions of mutual interest."

The fact that Sherman's itinerary includes Spain and Italy seemed to have significance in connection with the sea command dispute. Although Spain is not a member of NATO, both she and Italy are Mediterranean area powers and one of the major NATO controversies has been over the nationality of the overall commander for naval forces in that area.

Philippines Angered By Omissions In New Japanese Peace Pact

MANILA — (AP) — Official and semi-official indignation rose today in the fatal beating of his wife, whose body was found beside a car in which he slept off a drinking spree.

The accused man, David R. March, 40, was to be arraigned this afternoon before Justice Stuart Phillips in Yale, in St. Clair county. March was arrested about a half mile from the Capac farm home of his first wife and

four children Saturday night.

The second wife, Martha, had been beaten with bare fists, officers said. They reported there was blood on March's fists and on his shirt and coat.

March told of a long day of drinking with his wife, but denied harming her. Authorities were waiting for reports on a lie detector test he took at East Lansing yesterday.

St. Clair Prosecutor Delmer Cleland said March told this story:

He finished work at 7 Saturday morning and had a few drinks before returning home. In the afternoon he and his wife went to a bar, and later decided to drive to Imlay city to visit friends. They saw several cars outside the friends' home, so they headed on to Capac, where March formerly lived with his first wife, Marie. She divorced him in 1948.

March said they stopped at several taverns in the Capac area and he saw his first wife sitting in a pickup truck near a theater. He said she refused to talk to him, and he drove on with Martha.

As soon as he left, the first wife went to the local police headquarters and asked Officer Earl Walker to accompany her to her farm home, explaining she was afraid of her ex-husband. He agreed, and on the way they passed a car in which March and his wife were sitting.

Walker said he drove with the first Mrs. March to her home, and then returned to headquarters. When he arrived, he said, the discovery of Mrs. March's body, about half a mile the other side of the first wife's home, already had been reported.

M. N. SMITH

M. N. Smith, 79, Dies Suddenly

Heart Attack Fatal To Escanaba Banker

Mathew N. Smith, 79 one of Escanaba's leading citizens, whose life was interwoven with the industrial and civic development of the community in which he had lived nearly 60 years, died at 5:40 p. m. Saturday at St. Francis hospital. His death, caused by a heart attack, followed only a day's illness.

Mr. Smith, who was president of the Escanaba National Bank, and three of the Upper Peninsula's important industries, the Escanaba Paper Company, the Upper Michigan Power and Light Company and the Manistique Pulp and Paper Company, and a director of the Mead Corporation, was born in Watertown, Wis., February 16, 1872. He received his early schooling there and was graduated from the University of Notre Dame, in 1898.

Came Here In 1892
He first came to Escanaba in 1892 to become associated with the Bank of Escanaba. From 1893 to 1895 he was in the men's furnishing business here. He returned to the bank in 1896 and January 1, 1907 when the Bank of Escanaba became the Escanaba National Bank, he was appointed cashier. He became president of the bank in 1923.

In addition to heading the industrial concerns he was active in church and fraternal and civic organizations throughout his life. He

They took the entire 55 minute Monday morning session to present further arguments in favor of the agenda proposed by the allied delegation.

They took a two-hour recess at the Red's request.

Then in the afternoon, cigarette-smoking Gen. Nam Il, head of the Red delegation, used another 55 minutes to present his views.

Take Time To Pose
They talked only about agenda items. An allied announcement said:

"The United Nations command delegation reports that some progress was made to the formation of a mutual agreed upon agenda."

A press dispatch from the truce city said the five north Korean and Chinese generals were scowling as they left the morning meeting.

But when the afternoon talks ended at 1:55 p. m. (10:55 p. m. Sunday EST) they seemed amiable. The five Red generals smiled and posed for U. N. photographers.

Monday Truce Session Seems All Harmonious

Red Generals Smile For Photographers

(By The Associated Press)

MUNSAN, Korea — Cease-fire negotiators reported they made "some progress" in two 55-minute sessions today toward organizing an agenda for their Korean armistice talks.

Their next meeting was scheduled for 11 a. m., Tuesday (8 p. m. Monday EST) in war-shattered Kaesong.

After Monday's sessions United Nations negotiators announced:

"The Communists have fulfilled their agreement with respect to the neutrality of the conference site in that no armed personnel were observed."

Both Sides Give Views
Vice Adm. C. Turner Joy, chief U. N. delegate, commented during the noon recess "it is much better now that we are not surrounded by guards."

Newsman on the spot said both sides appeared to be in harmony at the end of Monday's session.

Tuesday's meeting was scheduled for 11 a. m.—one hour later than usual—at the request of the Communists. No reason was given for the change in time.

Joy took the entire 55 minute Monday morning session to present further arguments in favor of the agenda proposed by the allied delegation.

They took a two-hour recess at the Red's request.

Then in the afternoon, cigarette-smoking Gen. Nam Il, head of the Red delegation, used another 55 minutes to present his views.

Civil Rights Congress Bail Fund Tossed Out By Federal Judge

NEW YORK — (AP) — A federal judge today disqualified the Civil Rights Congress bail fund and its millionaire secretary, Frederick Vanderbilt Field, from posting bail for any Communist leaders charged with violating the Smith Act.

Judge Sylvester J. Ryan ordered 14 indicted lower echelon leaders of the Communist party, now free on bail supplied by the fund, to post new bail by noon tomorrow.

The court said a hearing had convinced him that the bail fund and its trustees had failed to establish clear title to the government bonds submitted as bail.

Crowds Attend Boat Blessing At Fayette

Calm little Fayette harbor was the scene of a colorful ceremony Sunday afternoon, the annual 'Blessing of the Fleet', an event which attracted crowds from a wide area and boats from all along the north Lake Michigan shore. A brief shower passed over the snug harbor, but it was followed by a warm sun which continued for the afternoon festivities.

The day also marked the diamond jubilee of St. Peter's Catholic church at Fayette, built in 1876, and special services were held at the church in addition to a Pontifical Field Mass at the harbor's edge. The Rev. Msgr.

Edmund J. Palicki, rector of St. Joseph's seminary, Grand Rapids, was the principal speaker.

The 'Blessing of the Fleet' was preceded by a parade led by the Manistique municipal band. A memorial service was held in tribute to men who have lost their lives on Great Lakes fishing fleets. Wreaths were placed in the waters of the harbor, and taps were sounded by buglers stationed on opposite sides of the harbor. St. Cecilia's choral group from Escanaba sang for the harbor services.

Visiting boats were presented with souvenir photographs as mementoes of the occasion.

The rites of blessing the assembled boats were conducted by the Most Rev. Thomas L. Noa, D.D. from the deck of a boat which circled the harbor. The bishop also gave the jubilee sermon at the Pontifical Field Mass in the grotto of Our Lady of Fatima, St. Peter's church, at 11 a. m.

Nicholas Young Dies In Hospital, Rites Wednesday

Nicholas Young, 75, of Wells, died at 12:50 a. m. Sunday at St. Francis hospital. He had been ill as the result of a heart ailment and a stroke the past month.

Mr. Young, who was a woodsman, was born in Dearborn, Wis., March 7, 1876. He lived in the Ensign community many years and four years ago moved to Wells to live with his daughter, Mrs. Arthur Lange.

He was a member of St. Anthony's parish.

Surviving are one son, Glen Thomas Young of Escanaba and two daughters, Mrs. Lange and Mrs. James Emery of Oak Park, Ill., and one brother, Anthony of Sault Ste. Marie.

Father Ralph Sterbenz will conduct funeral services at St. Anthony's church at Wells at 9 Wednesday morning. Burial will be in Holy Cross cemetery. Friends may call at the Alto funeral home beginning at 10 a. m. Tuesday. The rosary will be recited at 8 Tuesday evening.

Hospital

Linda Anderson, 7, who submitted to an appendectomy Thursday at St. Francis hospital, and her sister, Joanne, 5, who underwent a similar operation Saturday, are making satisfactory progress toward recovery. The girls are daughters of Mr. and Mrs. Albert Anderson of Wells.

The condition of Mrs. Nevin Reynolds who is seriously ill at St. Francis hospital was slightly improved today.

Farm Serves Students As Class In Finals

AMES, Ia.—(AP)—Classes are held in the farm yard and fields and machinery serve as "text-books" in one course at Iowa State College. This is the way the students in the course in farm management took their final examination at the close of this year's term.

They were taken to a nearby 153-acre farm, and given time to examine the buildings, tour the fields, note the type and condition of the soil, check the fences, observe the live stock and take inventory of the machinery. Then they talked with the professional farm manager and quizzed the tenant at length about every detail of the operation.

When they were through, the students sat down in the farm yard to answer a series of questions about their evaluations of the farm and its resources, and what they believed would be a good program for the future to get maximum net income for the owner.

Faculty members who helped plan the course say they believe it is a good way to tie together the teachings of the departments of animal husbandry, agronomy, agricultural engineering and agricultural economics.

Mexico achieved its independence from Spain in 1810. The change was not effected until 1821.

FACING UP TO IT—New among toys being readied for next Christmas is the "scribbles" doll, which literally can have a thousand faces. The molded plastic face has no features. These are added by the doll's young mistress, as five-year-old Christine Du Rona demonstrates. The doll was shown at a recent preview of outstanding toys in New York City.

Foreign Guests At Blaney Park

BLANEY PARK, Mich.—The publicity program of the Joe Bachunas Resorts is reaching far afield into foreign countries, taking the story of Michigan to business travelers and pleasure seekers. Already this year the Bachunas resorts have been host to a number of foreign guests and many inquiries have been received for reservations from Brazil, Canada, England, India, France, Spain and Africa. Over 260,000 pieces of direct mail, advertising the regions around the Bachunas Resorts at Sodus, Macatawa, Spring Lake, Munising and Blaney Park, have been mailed in 1951.

"There is no place in the world that is finer than Michigan," says Mr. Bachunas, "and the only way we are going to get others to believe that statement is to tell them about it and keep telling them un-

til they come here to see for themselves. We play hosts to over 10,000 guests a year at our resorts and we try to get all of them to move around the various territories so they will see and enjoy more of Michigan. The foreign papers are picking up our news stories and we are getting many inquiries."

LIFE IN SINGAPORE
SINGAPORE — (AP)—They're drinking more and smoking more in Singapore. Imports of liquor into this British crown colony in 1950 totalled 9,000,000 gallons, 2,000,000 more than in 1949.

Tobacco imports in 1950 were 11,680,374 pounds compared with 10,663,493 the preceding year.

Peace At Last From PERSISTENT ITCH!

Here's quick action from first moment—a blissful sense of peace that lasts and lasts, thanks to 6 active soothing agents in a jangle-line that stays on. Don't be content with anything less effective than Resinol Ointment.

Tourist Travel Mounts In U. P.

1951 Business May Exceed Last Year's

Reports from Michigan Highway department ferry offices at the Straits of Mackinac and from bus and railroad companies indicate that tens of thousands of vacationists are in the Upper Peninsula and that the 1951 tourist patronage may be much better than last year's season.

Although early-season weather was not too favorable, an upturn in the number of Lower Michigan and out-of-state cars was noticed in many parts of the region north of the Straits.

And the Upper Peninsula Development Bureau today forecast that the remaining two months of the summer season would bring additional thousands of visitors, all eager to escape the sweltering heat of areas farther south.

The prevailing 64-degree summer temperatures to be found throughout Upper Michigan, the excellence of the region's deep sea fishing, the lure of its green, well-kept golf courses and its outstanding natural scenic attractions, all help to make a delightful vacation in this north country," a Bureau official said.

"No portion of the United States is free from pollen, which causes hay fever, as is the Upper Peninsula, particularly areas lying on the south shore of Lake Superior. Heavy rains throughout the mid-west will cause rapid growth of pollen-producing ragweed, sending many persons north to seek relief.

Visitors who come equipped with camping supplies will find excellent accommodations at municipal, county and state parks, while other guests will find up-to-date housing and eating accommodations provided by the Peninsula's 1,200 operators of hotels, motels, motor courts, cabin groups and American plan resorts.

"Excellent hard-surfaced highways make those resorts easily accessible and make the entire Upper Peninsula of Michigan a logical objective for summer and fall vacationists."

Adolph Johnson Dies At 93

Was Oldest Resident Of Perkins

GLADSTONE—Adolph Johnson, oldest resident of the Perkins community where he had lived over a half century, died Sunday afternoon at 2:30 at his farm home. He was 93 years old.

Mr. Johnson, who was active up to two weeks before his death, was born October 11, 1857, at Lemund, Ostergotland, Sweden, and came to the United States in 1891. He lived in Gladstone 11 years and then moved to Perkins where he engaged in farming. His wife died 12 years ago.

Funeral services will be held at the Kelley funeral home, Gladstone, Wednesday afternoon at 2 and burial will be in Fernwood cemetery. Friends may call at the funeral home beginning at noon Tuesday.

Surviving are one daughter and three sons, Mrs. Edward Johnson of Gladstone, Gust A. and Edwin P., of Perkins and Carl W., Gladstone, 11 grandchildren and three great grandchildren and three nieces and two nephews.

Editorials—

Upper Peninsula's Isolation Is Gradually Being Reduced

FOR many decades the Upper Peninsula has felt that it has been the unwanted stepchild of the state of Michigan, largely due to its remoteness from the thriving agricultural and industrial areas of the Lower Peninsula.

This feeling of inferiority probably stems from the early history of the Northwest Territory. Michigan was ready for admission into the Union in 1835, but the Congress would not grant statehood until it had exchanged the 470-square mile Toledo strip to Ohio for the Upper Peninsula.

The Upper Peninsula, despite its vast acreage, was then considered worthless. Even the noted statesman, Henry Clay, spoke disparagingly of it in Congress, describing it as wasteland of no value. But Henry Clay was later proved to be wrong.

Forests and mines of the Upper Peninsula have produced billions of dollars in wealth. Lumbering has declined in recent years along with copper mining. Mechanization has reduced employment in the iron mines, but production still remains at a high level, with hopes that utilization of low grade ores will sustain the industry for many decades.

But there is no denying that the Upper Peninsula has lost about 30,000 in population since the 1930 census. The young people have left for better work opportunities in Chicago, Milwaukee, Detroit and elsewhere. Some young people have settled in the Upper Peninsula and are doing well at their professions and occupations, but the influx has not been

sufficient to offset the migration away from this region.

In recent years a robust tourist industry has been developed to take the place of other declining economic activities. This development has been hastened by the construction of fine concrete highways all over the Upper Peninsula.

With the building of good, hard roads has come a lessening of the Upper Peninsula's isolation from other sections of America.

The railroads have long been with us and have played an important role in the development of the region. Recognizing the need for faster passenger travel, the Chicago and North Western railway installed its Peninsula 400 streamliner train between Chicago and Ishpeming. The Milwaukee Road inaugurated the Chippewa train from Chicago to the Iron Mountain area. These passenger trains are much appreciated; do a good business.

Within more recent years, aviation has grown of age and has come to the Upper Peninsula to further reduce the region's remoteness from the outside world. Nationwide Airlines operates a daily DC-3 plane service between the Upper and Lower Peninsulas. Wisconsin Central Airlines, using similar equipment, taps the Upper Peninsula with plane service from Milwaukee and Chicago.

The Upper Peninsula has moved much closer to Chicago, Detroit, Washington, New York and other population centers. Improved transportation services are responsible for breaking down its long isolation.

All we need now is a bridge across the Straits of Mackinac.

Ferries Carry 24,721 Vehicles On Weekend

THE state highway department reports the Straits of Mackinac ferries transported 24,721 vehicles between St. Ignace and Mackinaw City on the Fourth of July weekend. This represented an increase of six per cent over the same period last year.

The news dispatch, which prompted this editorial piece, did not tell the whole story, however. The story did not state that some tired motorists had to wait from five to 11 hours in a long line of automobiles before they boarded the ferry.

Delegates to the national convention of the Outdoor Writers Association of America at Escanaba, who were among the many who experienced the annoying delays at the Straits of Mackinac, did not have many good words to say about the transportation service.

On their return trip to the East, most of the OWAA delegates chose to go via Chicago and Sault Ste. Marie, Ont. They also left Escanaba with the idea well-fixed in their minds that the Straits of Mackinac need a bridge.

We often hear the fallacious argument that tourists like to break the monotony of their automobile ride with a trip on the ferry across the straits. They might enjoy the first ride on the boat if they do not have to wait hours for it but it holds no interest for them afterward.

If we are going to build a prosperous tourist and resort trade in the Upper Peninsula, we must get repeat business—not tourists who come once and vow never to return because of the annoying traffic congestion at the Straits of Mackinac.

More ferry boats are not the answer to the problem. No matter how many boats are added to the service it would take more than an hour to board the ferry, cross the straits and unload on the other side. With a bridge the crossing could be made in 10 minutes.

Other Editorial Comments

HURLEY LOOKS AT THE DELLS

From the Iron County Miner, Hurley, Wis.

Soon we are in the area of the Wisconsin Dells. The signs on the approaches to the Dells hint that the area has been horribly commercialized. Persistent signs ask you to "Have a Swig With Nig." The immediate approach to the village of Wisconsin Dells is a nightmare of huge signs, beautiful motels, honky-tonks, reptile shows, "have your picture taken on a wild horse" (he's stuffed) places and "genuine" Indian relic shops. The Dells are beautiful beyond description but you can't see them for the signs. There are boats to take you out, and if you want to see the unusual rock formations you will have to go boating.

Teen-agers should limit their phone calls, says a company official. Meantime, the calls remain the limit!

By Gordon Martin

MARTIN

Mrs. Robin

There's a corner in your garden that you hardly dare inspect, for you've got a Mother Robin there with babies to protect. On a window ledge she guards her nest behind a rambling rose, and you watch with fascination as she quickly comes and goes. And she gives you such a cussin' when you start to cut the grass, that you almost walk on tip-toe every time you have to pass.

Now it's true you're not an expert when it comes to robin talk, but you surely get a lesson as around the yard you walk. Old Ma Robin says she's wise to you—you want to see her nest, and to count the hungry young-uns that she warms beneath her breast. Don't you get so blamed inquisitive, she owes you not a cent—why, you know she's eaten bugs enough to pay her summer rent.

And look here, she says, you're just too close, but while you spade that dirt, just be sure you turn up lots of worms—her kids must have dessert. Yep, she's really got you hen-pecked and if you would have her stay, you can take your tools and garden stuff and beat it right away. So you leave her to her youngsters and you never interfere, for you hope Old Mrs. Robin will come back again next year.

Merry-Go-Round

By DREW PEARSON

WASHINGTON.—American truce negotiators in Korea have voted with interest that the Chinese Communists are using American jeeps. The American public has also wondered not only how the Communists were able to obtain American equipment, but why the Nationalist government was driven out of China.

The sub-rosa operations of the Chiang Kai-shek family may be one of the answers. Another of their operations has just come to light—a move by a Chiang brother-in-law, with other wealthy Chinese to corner the soybean market at the expense of the American public.

The brother-in-law is T. L. Soong, brother of Foreign Minister T. V. Soong, who formerly handled much of the three and a half billion dollars worth of supplies which the United States sent to China during the war. The soybean pool netted a profit of \$30,000,000 and shot up the cost to the American consumer \$1 a bushel.

One of the strange things about the soybean manipulation was that its operators knew exactly the right time to buy up the world's soybean supply—a few weeks before the Communists invaded Korea.

Recently this column told how Eugene Soong, son of T. L. Soong, together with L. K. Kung, son of Dr. H. H. Kung, another brother-in-law, sold a huge quantity of precious tin to the Chinese Communists. As a result Secretary of Commerce Sawyer has now barred this group, together with three law partners of Ex-Secretary of Defense Louis Johnson, from getting export licenses to trade with any country for three years.

It was the father of Eugene Soong, T. L. Soong, who bought up half a million bushels of soybeans before the Korean war in May, 1950.

Soybeans are used for cattle and human food, in manufacturing plastics and paints, and are essential for war production. And 56 Chinese bought up the huge quantity of 6,986,000 bushels on the Chicago Board of Trade at \$2.34 a bushel.

Shortly thereafter the price began to climb. It soared and soared. Finally, five days after the communists invaded Korea, the price hit \$3.45-1/2 a bushel, and the group sold out.

T. L. Soong is the same man in charge of supplies sent over the Burma Road at a time when a series of warehouse fires and "sabotage" caused the disappearance of large quantities of war material.

Shortly thereafter, Soong left for the United States on a diplomatic passport, and was moved into an even more important spot in Washington—chief procurement officer of Chinese war supplies.

Soong is still here, but, instead of handling war supplies, he is now speculating in soybeans at the expense of the American public.

Operations like this may be one reason why the disillusioned Chinese people threw out the Soong-Kung dynasty and accepted Communism as a lesser evil.

OIL AND GOLD

Ex-Sen. Sheridan Downey of California recently met radio correspondent Rudy Block in a Capitol corridor. Downey, who rose to political fame on an old-age pension scheme known as "Ham and Eggs," is now lobbying at \$3,000 a month for Tideland Oil.

"Well, senator," said Block, as they shook hands, "I see it's from ham and eggs to oil and gold."

Take My Word For It . . . Frank Colby Jr.

ANOTHER "LOST CAUSE?"

Not long ago I asked the women of America, "What do you call frieze—freez, or free-ZAY?"

The replies which have come from all over the country indicate that free-ZAY is the preferred Standard American pronunciation for the upholstery material, but that the ornamental sculptured band used in many public buildings is commonly called freez.

From Mrs. W. Van B., Santa Monica: "I say free-zay. My husband says freez. And we are both talking about frieze. The decorators I know, both men and women, all say free-ZAY."

Mrs. K. B., Waupun, Wis.: "In this vicinity the word is pronounced free-ZAY when used in reference to upholstery material, and freez when used to mean a border or wall decoration. Of course there is no sense to such a distinction, but such is the case as I find it here."

Mrs. R. P., Kansas City: "Since I am one female who always says 'mwahr' and 'fail' for the words 'moire' and 'faile,' I am probably giving wrong advice; but I shall always say 'freez' for 'frieze.'"

W. E. G., Houston, head of an interior decorating concern: "I've been in this business for 20 years. I make several buying trips every year to the nation's leading furniture and materials markets, and salesmen call on me constantly. I have never heard the material called freez that I can recall. It's always free-ZAY."

Mrs. H. H. F., Palm Springs: I have never heard frieze pronounced any way but free-ZAY. And faille only as file."

Sally Saunders, of Piedmont, Calif., sends her preferred pronunciation in a clever little rhyme:

Before I'd sneeze on seat of freeze
Mwahr across my stummik,
Or seek success in fail dress,
I'd fling me prone a hummik,
Or I'd sassay across freezay,
Sleekly clad in file,
Though I do say, a good moe-ray
Is keeping pace with style.
The words are thine,
The rhyming mine —
We thus flim-flam a flummik.

Kentucky police found a man, his wife and even children cooped up in a two-room shack. They were just residing there—not living.

The only worthwhile reason for straining your eyes is to look for every possible way to donate to the Red Cross.

When some of the flowers appear, any resemblance to pictures on seed packets will be purely coincidental.

"Well, Partner, Another Victory for Our Side!"

Will Governor Dewey's Far East Trip Start Political Tongues Wagging?

By PETER EDSON

WASHINGTON.—(NEA)—New York Gov. Thomas E. Dewey's trip to the Far East was made at the suggestion of Ambassador John Foster Dulles, who has been chief negotiator of the Japanese peace treaty.

Originally, Governor Dewey had planned to go to Europe. Ambassador Dulles, who was Dewey's principal foreign policy adviser in his races for the Presidency, reminded the governor that he had been to Europe two years ago, but had never visited the Pacific.

Since the Far East is to be an important area, Mr. Dulles thought Governor Dewey should become better acquainted with its problems, firsthand.

Ambassador Dulles arranged the trip and made appointments with many of the people Governor Dewey is to see in Japan, Formosa, Hong Kong, Indo-China, Indonesia, Singapore, Australia, and New Zealand.

Too Many Men

U. S. Air Force is having a tough time trying to figure why it needs so many men, and what they all do. When the Air Force had 48 groups, it had 411,000 men. Doubling the size of the Air Force was expected to call for only twice as many men. But the personnel estimates for the 95 group Air Force now being built up call for over 1,000,000 men.

The brass can't understand it. Orders have been given by Chief of Staff Gen. Hoyt Vandenberg to cut personnel and budget manpower on an inadequate basis, if necessary, to get the numbers down. The word passed down to all lower echelons of command is "You just don't need that many people."

Not On Wall Street

While the Hungarian Communist government continues kicking Americans around, Hungarian embassy officials in the United States are going right ahead with plans to re-open the New York and Chicago consulates. They were closed in retaliation for American businessman Robert Vogeler's arrest and imprisonment on phony spy charges.

Hungarian government did have to get a new location in New York. Before the Vogeler arrest, they had consular offices in Wall Street area. They decided that wasn't a good address for Communist country offices, so they changed.

Get Your Slide Rule Ready
Biggest manpower shortage now reported is in graduate engineers. Survey of American industry has indicated that 70,000 young engineers are now wanted by employers. But only 29,000 engineering students were graduated by technical schools this June.

And only 19,000 high school graduates have indicated they will enter engineering schools this fall. Assuming the customary drop-outs and failures, this will nowhere near supply demand for engineers four years hence.

This also explains importance of recent Selective Service policy for deferring college students, announced by Maj.-Gen. Lewis B. Hershey.

Dr. Arthur Flemming, manpower adviser to Mobilization. Director C. E. Wilson, has just set up new advisory committee of educators and industrialists, to increase number of students taking engineering courses.

More women may be urged to take up engineering. And a new scholarship plan, to finance qualified students unable to get money for their own technical education may have to be adopted.

Military Government Out
Transfer of the Pacific Islands Trust Territory from Navy Department to Department of Interior supervision leaves very few spots under U. S. military government.

Wake, Midway and Johnston islands, important as mid-Pacific airbases, are still under the Navy as U. S. possessions. The Ryukus and the Bonin-volcano islands are under military government, pending settlement of the Japanese peace treaty.

American Samoa is in the process of transfer to territorial government, and the Navy yard there is being closed. It will throw some 500 natives out of work and cut off a payroll that has done a great deal to keep the island economy going.

Many natives on all these islands want to enlist in the U. S. armed forces, but there are no recruiting provisions.

Massacre at High Speed
So many costly gadgets have been hung on highspeed jet aircraft that there's practically no room left for the pilots. They are cramped in awfully close quarters. And as the range of jets is constantly being increased, there is no opportunity for moving about or relaxing. After seven-hour flight missions, plane crews come in pretty well fatigued.

The remedy for this has now been found—in another gadget. It's a compressed air pulsator, built into the pilot's seat. When he begins to feel stiff, he turns on the air. The gadget then gives him an ever-so gentle massage, which is supposed to make him feel dandy again.

Gadgets Take Over
The ultimate in aircraft will come when there are so many gadgets on planes that there won't be any room at all for the pilot. Everything will be done by remote controls, making the aircraft nothing more than guided missiles. Aircraft designers have thought up a real fancy name for such planes. It's "uninhabited aircraft."

Seafood Battle a Draw
The great Washington National Press Club clamor debate on the relative merits of Maine lobsters and Louisiana crayfish ended in something of a draw.

Republican Sen. Owen Brewster of Maine said the northern shell fish were firm, like Republicans. Southern species, on the other hand, were soft-shelled and flabby, like Democrats. Democratic Rep. F. Edward Hebert of Louisiana countered with a question. Which would you rather hold in your arms, Babe Didrikson or Dorothy Lamour?

Baukage, the radio commentator, who had to preside over the debate when Federal Mediator Cyrus Ching got tied up in Washington's transit strike negotiations, finally gave the award to—the red herring.

U. S. Business Pours Money Into Canada; American Stake Reaches \$6 Billion High

By JAMES MONTAGNES
NEA Special Correspondent

TORONTO.—(NEA)—Judging by the record-breaking increases in capital investment by United States interests, American business has a bright future in Canada. More American capital has flowed to Canada in the postwar years than ever before.

Based on various official government figures it is estimated that early in 1951 U. S. capital had a stake of \$6,750,000,000 in Canada, out of a total foreign investment of \$8,750,000,000. The bulk of the balance is owned by British and European interests.

While Canada has become an important industrial nation with a living standard only second to that of the United States, it still has a small population and vast undeveloped natural resources.

Official government figures are not always up-to-date, but latest statistics show that 1097 manufacturing companies were controlled by United States capital in 1948. Of these there were 104 mining developments, 117 utilities, 422 merchandising enterprises, and 263 financial institutions.

There are more than 2200 Canadian companies which are controlled in the United States, and of these nearly 40 have an investment value of over \$10,000,000 each.

The variety of recently formed Canadian subsidiary companies of American industries is great.

A large glass manufacturer bought a war surplus factory near Toronto to make oven ware, which had never before been

made in Canada. Seven American automobile manufacturers have plants in Canada, in addition to a number of truck trailer and bus manufacturers.

One aircraft factory has been established by Americans in a government aircraft plant built during World War II, and now makes four-engined transports and jet fighters.

A number of new American-owned pulp and paper companies have built entire new mills and towns since 1945 in northern Ontario, north of Lake Superior.

There are post-war American-capitalized factories making everything from pens to chemicals, and including such items as canned foods, hats, electric batteries, scientific instruments, photographic materials, diesel-electric locomotives, records and radio transcriptions, and television receivers.

American capital in post-war years has also gone into new mining developments of all kinds, especially base metals of strategic importance, such as the huge Labrador-Quebec iron ore development.

New oil developments in Alberta and Saskatchewan, in the Canadian west, have been largely financed by American oil producers, as have been oil and gas pipelines now under construction or just completed.

The corner poolroom in a small town is far more dangerous to a drattee than any army post I've ever lived on.—Gen. J. Lawton Collins.

Without Fear—By this means the readers will get a break and the column space will be held open for our return to harness.

Knowing Mr. Edson and Mr. Ruark only by reputation, we might under other circumstances fear them as competitors—except each of us works his own particular field.

We are unable to tell you the inside of the Washington story and we have no intention of competing with Ruark in Africa. But neither do Messrs. Edson and Ruark have any inclination to settle down in Delta county and write interesting items about Mrs. Jones' petunias or Mr. Smith's ability in pinch.

Nor would Mr. Edson or Mr. Ruark find solace in the type of vacation we contemplate. But then again, they might, for the Upper Peninsula is cooler than Africa or the nation's capital and is less populated with unusual forms of animal life.

THE CHOSEN ONES—Our absence also will be conclusive proof we do not fear our leaders will not welcome us upon our return—for columnists of whatever stripe are an egotistical lot or they would not write columns.

It does require a certain amount of egotism for anyone to assume that what they have to say is of sufficient interest to hold the attention of others. Some columnists go so far as to toss a crusader's mantle about their shoulders, adjust a synthetic halo at a rakish angle, and point fingers of scorn at other poor folks.

This occasionally leads to difficulties. Drew Pearson recently and candidly exposed Pearson. It appeared he had once employed on his staff a member of the Communist party.

A difficult column to write, no doubt, for no one likes to point his finger at himself. The matter either revealed the gullibility of Mr. Pearson or the cleverness of the Communists, a point Mr. Pearson studiously avoided.

THE LOCAL ANGLE—The Hollywood columnist is among the latest gasp-and-have-you-heard writers to enter the field. They explode with flashes and bulletins about items of enormous inconsequence. What she said to him and he said to her, who is mating or being unmated, and that Miss Plump has been offered a contract to breathe to television is their stock in trade.

If the local columnist in the average American small town reported such items he would be escorted on a rail to the village dump—a not undeserved fate.

The Hollywood columnist is a strange mixture of verbal cheesecake, French postcards, and vicious gossip-monger. They must type their stuff with gloves on to keep their fingers from getting dirty.

AWAY FROM IT ALL—For the coming two weeks we intend to forget (for far as that is possible):

Truce negotiations in Korea, traffic accident reports, neck ties, shaving, meetings, newspaper deadlines, the high cost of living, and how to write a column.

We do intend to concentrate on sopping up sunshine and fresh air, looking at new scenes, fishing—and eating the fish for we understand they are good brain food. Be seeing you.

Good Evening . . .

By CLINT DUNATHAN

ONCE A YEAR—Sleep may mend the tattered sleeve of care, as the poet says, but the annual vacation will usually provide a new and serene outlook for the office slave.

This is preliminary to the report that we are officially on vacation (this column having been written Saturday) and expect to return with unfurrowed brow and a deeper coat of tan.

Meanwhile you will be entertained by two noteworthy columnists—Peter Edson, Washington correspondent for NEA; and Bob Ruark, who will report to you in his travels in Africa.

Edson will appear tomorrow and Ruark will follow through for the remainder of the month.

WITHOUT FEAR—By this means the readers will get a break and the column space will be held open for our return to harness.

Knowing Mr. Edson and Mr. Ruark only by reputation, we might under other circumstances fear them as competitors—except each of us works his own particular field.

We are unable to tell you the inside of the Washington story and we have no intention of competing with Ruark in Africa. But neither do Messrs. Travel Is Not Curbed By War

No Restrictions Are In Effect

Without restrictions such as were in effect during World War II, the volume of travel has not diminished since the outbreak of fighting in Korea, but, rather has continued the upward trend started in 1946.

That's the substance of a report received by U. P. Development Bureau from James L. Bossemeyer, executive vice president of the National Association of Travel Organizations, Washington, D. C. Bossemeyer believes that, unless transportation restrictions become absolutely necessary, "it is of the greatest importance that travel be maintained at high levels because of its great health-building, morale-building, revenue-producing and tax-paying powers."

Because the curbing of motor vehicle traffic in World War II served to throw such a tremendous and overpowering load on public carriers, the Defense Transportation Administration did everything it could to avoid a similar situation, during the present emergency, the NATO executive said.

He said that the travel business is in an unusually favorable position "in comparison with many other types of business" and that, barring the outbreak of full-scale hostilities, the 1951 travel season will be one of the best on record.

Compressed Air Motor For Cars Considered

DECATUR, Ill.—(AP)—A compressed air motor that would drive a car at speeds of 100 miles an hour may be a development of the future.

Paul L. Franck, of Washington, D. C., who has been working in the field of compressed air motors for nearly 30 years, seeks the original drawings of a model invented by Louis C. Kiser 25 years ago. The Decatur man, a former locomotive engineer, built his invention from a Ford motor converted along the principles of a steam engine.

Kiser tried to organize his own manufacturing firm. He and his partner ran out of money before operations got started. Kiser was so discouraged he sold the invention for junk and moved to Arkansas, where he died in 1927.

Conscientious Pickets Give Chase With Cars

OMAHA — (AP) — A "catch-can" variety of picketing turned up in a dispute between a union and an Omaha dairy.

The General Drivers and Helpers Union (AFL) dispatched pickets in automobiles to trail Alamito Dairy Co. trucks. When the trucks stopped at a store, the picket jumped from his car and began parading around the truck.

The dispute involved the union's efforts to organize Alamito workers.

Governor Celebrates Birthday In Big Way

DURANT, Okla. — (AP) — Some birthday parties are in parks, some in homes, some in back yards and some at the movies.

But Gov. Johnston Murray of Oklahoma will have his 50th birthday party July 21 at South-eastern State college here.

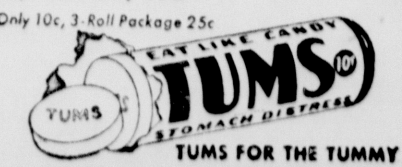

They (the Russians) have claimed to be first with the electric light, the airplane (and) what not. The U. S. is still left with one "first"—our own Orson Welles and the first invasion from Mars. —Albert Warner, radio commentator.

NO! He Won't Be Kept Awake By Acid Indigestion Tonight!

Air Conditioning Is Installed Invisible

NEW YORK—(AP)—One of Fifth Avenue's largest department stores (B. Altman & Co.) has been air-conditioned by installation of equipment during business hours without the knowledge of the shopping public and without disturbance of sales operations.

After the work had been in progress for more than three years, the United State Air Conditioning Corp., of Minneapolis, revealed details of the unusual project. Elimination of all visible ducts preserved the architecture of the high ceilinged main floor that has an area of almost two acres. Most of the fabrication of units in the system was performed in the sub-basement during store hours.

I saw a western movie (on TV) that was so old the cowboy was riding a dinosaur.—Fred Allen, comedian.

Garden

Guild Outing
GARDEN — Guild members enjoyed a picnic at Valentine Creek Wednesday afternoon when Mrs. Ann Baetke of Milwaukee attended. A picnic is planned for the next meeting.

Briefs
Mrs. Ann Baetke of Milwaukee is the house guest of Mr. and Mrs. Herbert Sill.

Mrs. Gladys Hicks of Waukegan, Ill., and Mrs. Clara Steele of Zion, Ill., spent a few days at the home of Mr. and Mrs. Peter Giusiano. Mrs. Steele is a great niece of Mrs. Giusiano and Mrs. Mary McPhee's late husband, Leo McPhee.

It's like running a grocery store and your wife goes across the street and trades with a competitor.—Rev. C. Stanley Lowell, of Washington, D. C., testifying in divorce suit that his wife attended lectures by another minister.

Houghton County Leads Peninsula In Potato Output

In the year 1950 — 3,530,800 bushels of potatoes were produced by Upper Peninsula farmers. The average yield throughout the Upper Peninsula was 209 bushels per acre, while the average yield throughout the State is 180 bushels.

Houghton County led Upper Peninsula counties in potato production with 1,057,500 bushels; with Delta, Marquette and Menominee Counties ranking next in potato production in the order named. The average price received for

Seney

Newlyweds Visit Here

SENEY, Mich. — Miss Mary Lu Heidingsfelder of Marengo, Wis., was married Saturday, July 7, to Robert McDowell, son of Mr. and Mrs. Ray McDowell of Seney. The ceremony took place in Racine at the home of the bride's uncle.

The groom is a reservist in the army and is stationed at Fort Sill,

potatoes grown throughout the State for 1950 was \$1.00 per bushel. However, much of the potatoes grown in the Upper Peninsula were for fancy table stock and certified seed, and brought a higher price.

Okla. The bride is employed in Racine. The young couple are spending a few days here with Mr. and Mrs. Ray McDowell.

Thursday evening they were guests of honor at a wedding shower arranged for by neighbors and held at the school house. Several games of cribbage were played for entertainment with first prizes won by Bob McDowell and Mrs. Ray McDowell and lows by Mr. and Mrs. Charles Shirty. The young couple received many lovely and useful gifts. Coffee and cake were served.

Personals

Mr. and Mrs. George Wiertella and children of Detroit are visiting at the home of his parents, Mr. and Mrs. John Wiertella. Mrs. Clem Wiertella accompanied her sister, Mrs. William Jer-

vo, to Ann Arbor Monday for a short visit.

Professor and Mrs. Chase from the University of Michigan visited here Thursday with Mrs. Betty Beard.

Mrs. E. Pelkie accompanied her

parents, Mr. and Hakola from Eben, to Indianapolis, this week to visit relatives there.

Eighteen national forests in California cover one fifth of the state.

Paul Laviolette On Korean Front As Signalman

WITH THE 1ST CAVALRY DIVISION, U. S. ARMY, in Korea—(Delayed) — An Escanaba, Mich., Army man is serving on the Korean front as a signalman in the 1st Cavalry Division.

Private First Class Paul H. Laviolette, son of Mr. and Mrs. Leo John Laviolette, 401 South 11th street, Escanaba, is in the 1st Cavalry's 13th Signal Company.

Laviolette's unit completely installs and operates all Cavalry communications equipment, including hundreds of miles of telephone lines and scores of high frequency radios and teletype-writers.

During the early days of the Korean war, their unit constantly strung communications lines through enemy perimeters to reach isolated 1st Cavalry units.

Supplementing the 13th Signal's communications work are the tasks of operating scores of courier services between units and a complete photographic laboratory.

Photographers of Laviolette's company have taken more than 25,000 still and motion pictures of war actions. They also go aloft in unarmed liaison planes to make intelligence photos of suspected enemy positions.

RETIRED — President Truman has named Dr. Martha Eliot, above, to succeed Katherine F. Lenroot as chief of the Children's Bureau of the Federal Security Agency. Dr. Eliot was associate chief of the Bureau from 1941 to 1949.

CLEAN GETAWAY
HALIFAX.—(P) —Because he was wearing gloves on a warm night, a man attracted attention of a police constable here who arrested the stroller and a companion on charges of breaking and entering a dry cleaning store.

James Robitaille Dies Following Lengthy Illness

James J. Robitaille, 62, of 2507 Ludington street died Sunday morning at 3 at his home. He had been in poor health the past two years.

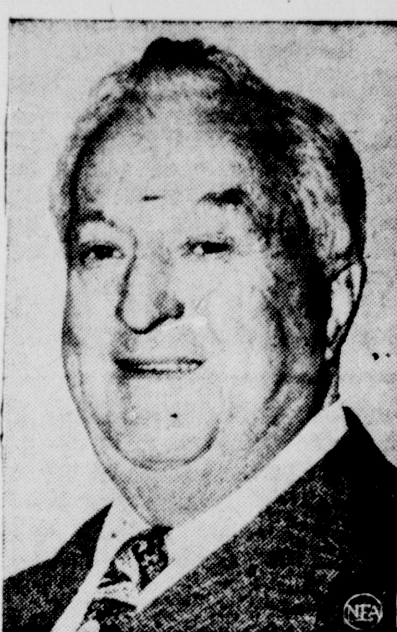

Mr. Robitaille was a carpenter by trade and he also was owner and operator of a concrete block manufacturing plant at his home address. He was a member of St. Ann's parish and the Holy Name society and of the Carpenter's Local 1882.

Born in Papineauville, Quebec, Canada, May 20, 1889, he came to Escanaba to make his home April 19, 1919.

Surviving are his wife, the former Laura Gauthier, one daughter, Mrs. Ray DeGrand of Escanaba, one grandchild, and one sister and three brothers, Mrs. Josephine Barbeau, and Edmond, Charles and Olida in Canada.

Funeral services will be held at 10 Wednesday morning at St. Ann's chapel with Father Clifford Nadeau officiating. Burial will be in Gardens of Rest cemetery. Friends may call at the Alto funeral home beginning at 10 a. m. Tuesday. The rosary will be recited at the funeral home at 8:15 Tuesday evening.

Buy and Sell the Classified Way.

Sen. Pat McCarran

RED HUNTER — Sen. Pat McCarran (D.), Nevada, has ordered his Senate Internal Security Committee to make an extensive study of bail-posting to see if "additional steps are necessary to plug loopholes in our bail law." Fifteen second-string Communist leaders, jailed after their bail had been revoked, were freed when Judge Learned Hand ruled that the Civil Rights Congress is an acceptable source of bail.

Chinese Reds Claim Plague Vanquished

HONG KONG.—(P) —The Chinese Communists say they have won the nearly-hundred-years battle to stamp out bubonic plague in the Onpu district on Kwangtung.

According to the Canton "Southern Daily," the rat-spread menace which appeared first in 1863 has been "basically destroyed. One case was reported in April, but the patient was given treatment in time and has passed the danger period."

The Communist report credited the "scientific methods" of Peiping's Health Ministry for checking the plague. In the past, the paper said, "feudal rulers and their Kuomintang successors" did nothing to control the plague, while the people themselves resorted to making an "annual offering to the gods on the 28th day of the first moon."

When James K. Polk was president, Mrs. Polk abolished dancing at White House parties.

What Every Hearing Aid User Should Know

"Can I get a hearing aid without anything in the ear?—without any attachment to the head?—that doesn't need batteries?—without a cord? Can I get an aid I can wear so that NO One will know I am hard-of-hearing?"

A new booklet, prepared by the author of a 700-page text on hearing instruments, now gives you the FACTS to keep you from wasting hard-earned dollars.

This information, "What every Hearing Aid User Should Know," is FREE for the asking. It tells you the truth about hearing aids. DON'T BUY UNTIL YOU READ IT—until YOU know what every hearing aid user should know.

Write today for your FREE copy. No obligation of any kind. Just put your name and address on a penny post-card and send it to L. A. WATSON, 918 Ludington St., Escanaba, Mich. Your copy of this valuable booklet will come to you, in a PLAIN WRAPPER, by return mail.

Unaccompanied Wallet Survives Bus Ride

BLOOMINGTON, Ill.—(P) —The bus pulled out of the station with M. E. Holmes' wallet containing more than \$1,000 still on the seat he occupied.

At 4 a. m. the bus station employees got in touch with the sheriff's office got state police headquarters at Pontiac. At 4:37 a. m. the state police reported they found the billfold on the bus. It contained \$1,050 in money orders, a \$35 check and between \$25 and \$30 in cash.

A half hour later Holmes picked up his money.

MANNING SHOE STORE

1206 LUDINGTON ST.

ESCANABA

(P) Newsfeatures

This is the time of the year when daughter and mother both face the problem of "the older man." Daughter writes that she is in love with a man much, much older than herself. Mother writes that daughter is being a little fool, and what can she do about it.

It is strange that older men have more appeal in the summer-time than their younger brothers. However, each year it is noticeable and it may be because: (a) he can look more handsome since he commands a big wardrobe (b) he has more money and can entertain a girl at a beach or golf club and (c) he is more mature, considerate and a smoother talker.

Then too during the summer a schoolgirl on her vacation, who has been date-starved for a long time is likely to seek companionship with the first man who suggests fun.

She is likely to meet her "older man" at (a) the country club dance when she is with Mom and Pop (b) at the hardware store where she has a summer job or (c) on the beach where the average man feels at liberty to strike up an acquaintanceship with unescorted women (d) he might be her dentist, doctor or the professor of her summer class in art or English. There is no telling where a teen-ager will get the notion that she is in love with a man old enough to be her father, in some cases.

Many a girl who builds up romance in her mind mistakes the friendliness of a family friend or an employer for romantic interest. She builds up her daydreams to fantastic proportions, and every kind act on the part of the man she has tabbed for her knight is magnified to the hilt. She thinks he looks at her especially sweetly, or is going out of his way to be near her, because he happens to visit family or friends when she is present.

Sometimes the older man is unconscious of this interest—sometimes he has encouraged it. However, it often develops that the girl is the pursuer, at least at first.

There are many little temptresses, who for want of romance and affection, will try to attract the married man they meet at a resort—with or without his wife.

Income Property For Sale

5 Apt. Bldg.—Reasonable

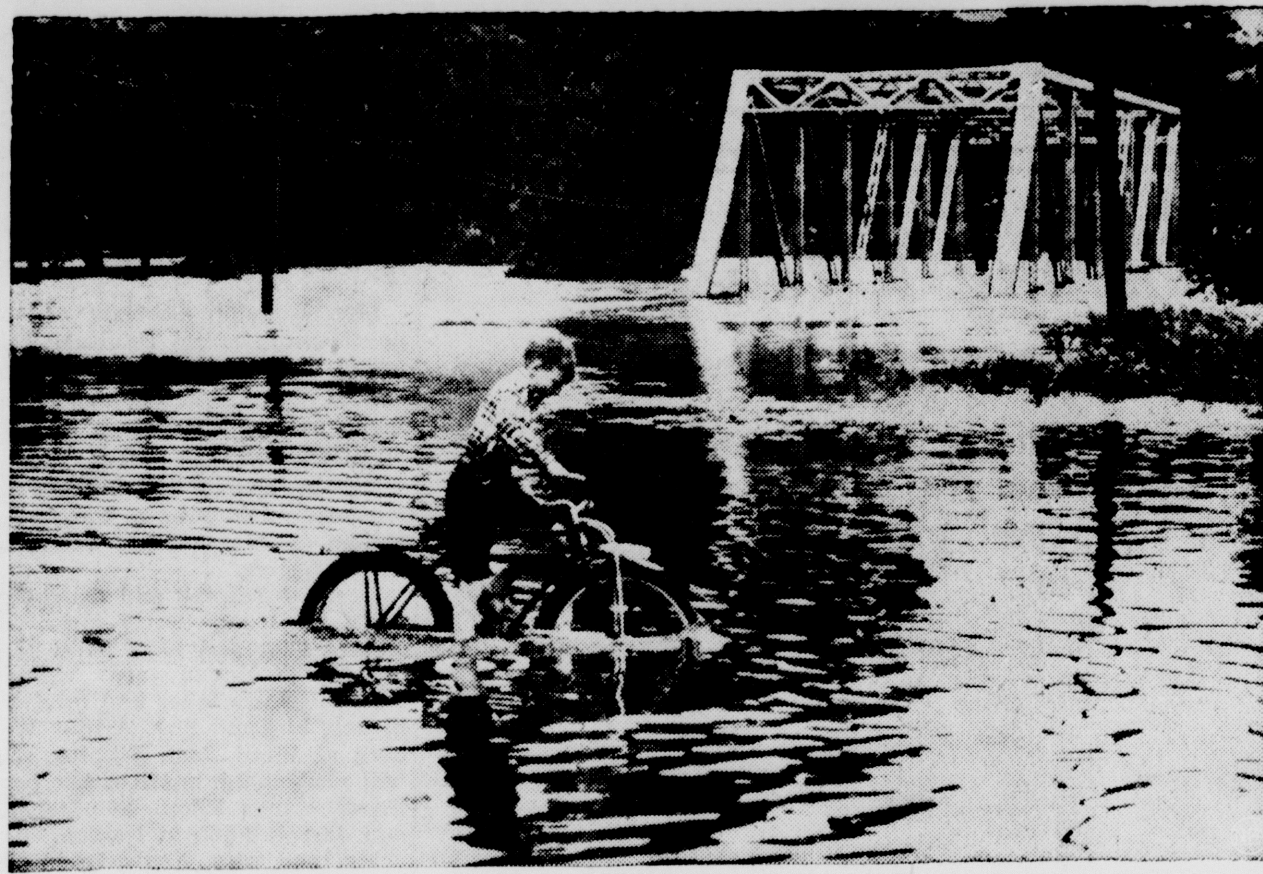

All newly remodeled and re-decorated with all new plumbing, wiring and Timken oil heated steam furnace. Extra large lot; 2-car garage, apple trees and shuffle board court. MEMORINE BREWING CO.
MARINETTE, MICH.

FLOODED WITH FUN—The worst floods in western Missouri's history brought disaster to thousands of persons, but to young Bob Hartman of Kansas City, they just meant fun. He

rode his bike through the rain-swollen waters of the nearby Little Blue River, which had washed out bridges (background) on U. S. Highway 71.

Men are notably weak when it comes to women, but even if he does fall for the poor little dear, what has she accomplished? Chances are that 999 men out of a 1,000 return to their wives even if they have been led astray temporarily.

The summer romance leaves many a girl brokenhearted. She thinks she can pack into two weeks or a month all the romantic yearnings of her heart, and not pay for it. She will encourage men who would not appeal to her

during the school year, or back in her home town or who would look ridiculous with her at the Junior prom.

Take it easy, girls. Try to take summer fun in stride. Sometimes it is lonely being dateless at the beach, or not being invited to the club dance or not having a young man to serve to you at tennis. But isn't it better to wait until the right boy comes along.

Then, to, it would be a better investment for the future.

Catholics Lose Meat Privileges On Friday

SANTA FE, N. M., (AP)—Catholics of the Santa Fe diocese this fall lose their special, centuries-old privilege of eating meat on most Fridays.

Msgr. Carlos Blanchard, chancellor, explained the change was because Pope Pius XII wants to make uniform throughout the Catholic world the practice of abstaining from meat on all Fridays of the year.

Monsignor Blanchard said the

change would take place sometime in September or October. The special privilege was granted by Pope Urban II in 1089 to the faithful of Spain and all her dominions for defending Catholicism from the Moors. The dispensation was brought to the New World by the Spanish conquistadors.

Archbishop Edwin V. Byrne of Santa Fe expects the bishops of the El Paso (Tex.) and Gallup (N. M.) dioceses to issue similar orders. The three dioceses make up the Santa Fe archdiocese.

River Rouge Lady LOSES 28 LBS. Reduce with Rennel

Omata Frazier, 490 Frazier, River Rouge 18, Mich., writes: "I am happy with the results I have received from using Rennel Concentrate. Not only do I feel better but I have lost 28 lbs. Everybody tells me how much better I look and I am glad to tell my friends that Rennel has helped me lose so much weight."

It's amazing how quickly you can lose unsightly fat at home. Obtain liquid Rennel at your druggist, mix with grapefruit juice as directed and take two tablespoons twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it for your money back. You need never know a hungry moment while reducing with Rennel.

Gloria Collins
Is Bride, Wed
In San Jose

Miss Gloria Collins, daughter of Mrs. Lloyd Cesna of Sunnyvale, Calif., and John R. Collins of Wells, was united in marriage to Donald Turner, son of Hubert Turner of Saratoga, Calif., at Trinity Episcopal church, San Jose, Calif., July 1.

Miss Collins was given in marriage by her step-father, Lloyd E. Cesna. She chose for her wedding dress a ballerina length, navy blue net, over pink taffeta. Her accessories were pink and she wore a necklace of pearls, her gift from the groom. Her bridal bouquet was white gladioli.

Miss Marlene Thomas, a close friend, preceded the bride down the aisle in pastel pink dress with white accessories. She carried a bouquet of pink carnations with green streamers.

Robert Turner served as best man for his brother and Robert Wardell served as usher.

Mrs. Cesna, mother of the bride, wore a street-length dress of pink taffeta with white accessories.

A reception for fifty guests was given at the home of the bride's parents immediately following the ceremony. A tiered wedding cake served as the table centerpiece and roses were used for floral decorations.

The young couple will make their home in Mont Vista, Calif.

Mrs. Turner is the granddaughter of Mrs. Oscar Olsen of Ford River.

Supper Wednesday
At Country Club

Golf in the afternoon, a supper at the club house at 6:30 and cards in the evening are on the women's program Wednesday at the Escanaba Golf and Country Club. Reservations for the supper are to be made by calling the club house, 1317, not later than Tuesday noon. Mrs. Glenn Jackson is chairman of the day. On her committee are Mrs. Harry Bourke, Mrs. R. E. Cole, Mrs. K. F. Harrington, Mrs. George Marcoulier, Mrs. Dale Vinette, Mrs. Elmer Bonitas and Mrs. J. E. Eyrna.

Social—Club
Normania Society Picnic

The Normania society will hold a picnic Wednesday evening, beginning at 6 at the south side of Pioneer Trail Park. Each member is to provide a dish to pass. Coffee, cream and sugar and ice cream will be served at the park.

V. F. W. Auxiliary
The V. F. W. Auxiliary will meet in the club rooms Tuesday evening at 8.

THE FORMER Dymna Thamel, daughter of Mr. and Mrs. Charles Thamel, 1212 Eleventh avenue south, was married to John O. Gray in a ceremony at St. Patrick's church in Escanaba July 7. Gladstone will be the home of the newlyweds. (Ridings Photo)

Crime Is Woman's
Problem Opinion Of
Judge Anna Kross

By HAL BOYLE
NEW YORK—(AP)—"Crime is a woman's problem," says Magistrate Anna Kross.

And 18 years on the bench have convinced her that only women can do anything permanent about reducing the crime rate in the United States.

"The men can't do it," she said flatly. "They have proved that."

"Today the manpower of American should be saddled to clean up the country—physically and morally. But they can't do it by doing what men have been doing for so long—merely paying lip service to democracy."

How can the ordinary housewife do anything about stopping crime?

"Well, she can't check it by merely seeing that her own children get home on time," said Judge Kross. "She has to be willing to do something about the kids on the other side of the railroad tracks. You can't get rid of smallpox just by inoculating the people who live on the hill."

Happy Families Answer

The blunt-spoken little jurist—a mother herself—believes the whole approach to the problem of wiping out crime has been wrong. She believes the basic cure lies in creating happy families, and feels if a family is sick the individuals in it will be sick, too.

"Courts, prisons and police—what do they do but give society a sense of security?" she said. "They are only part of a straitjacket at best."

"There isn't a prison in our country that doesn't become a post-graduate school for criminals. What juvenile court judge in this country is really trained for his job? He got that job only because he knew the right person at the right time."

"There isn't one perfect juvenile court setup in America. The best of them are inadequately equipped."

Judge Kross feels that exposures such as those made by the Kefauver committee do little real good.

"I have seen investigation after investigation make mayors, governors or senators," she said, "but the problem remains."

"It is all very well to stir up a community, to let it know what really is going on. But knowing what is going on and doing nothing about it—that is a real crime, too."

Shirk Responsibility
"We have to become realistic and face the music. Politics is corrupt not because of the politicians but because of the apathy of citizens. We have better government than we deserve."

Crime thrives, she added, because of "hypocrisy—and because everybody ducks responsibility."

"If there were a really serious desire to end crime in this country it could be done—by women. The women of any community can go to their chief of police and force him to clean it up."

But years of seeing a human tide of misery flow in and out of her court have convinced her judge Kross the final answer is this:

"We need more education for living. We are what our family background made us. Unless you take that into consideration, any other effort is meaningless."

Wise is the child that knows how to choose his own parents. Nobody should be permitted to marry unless he can give proof he understands the responsibilities."

ly social Thursday afternoon at 2:30 in the church parlors. Mrs. Cal Mylander and Mrs. Noel Piche are hostesses. A program will be given.

Immanuel League
Immanuel Lutheran League will meet Tuesday evening at 7:30 at the church.

Fresh Looking Blouses

Highland Women's
Play Wednesday

The Highland Women's League will hold regular matches Wednesday, July 8, with a dinner at the club house at 6:30 and cards during the evening.

Reservations are to be made at the club house not later than tonight.

Mrs. Earl Brown is chairman of the day and on the committee with her are Mrs. William Butler, Mrs. John Cass, Mrs. Harold Cass, Mrs. George Champey, Mrs. Nicholas Chapekis, Mrs. G. E. Christie and Mrs. Joseph Cota.

Rebekah Picnic At
Ludington Park

Phoebe Rebekah Lodge No. 179 will hold their annual picnic on Wednesday, July 18th at the Ludington Park beginning at 2:30 p. m. Members are asked to bring their own table service, sandwiches and a dish to pass for the picnic supper. Coffee, cream, sugar and ice cream will be provided by the lodge. Games will be played in the afternoon and each member is asked to bring a prize. A large attendance is desired. In case of inclement weather the picnic will be held at Odd Fellows hall.

NEVER SAY DIE
NEW LISKEARD, Ont.—(AP)—James W. Billow of Henwood Township, who still enjoys driving a team of horses, is at present building a new house with the help of his wife. They have just celebrated their 65th wedding anniversary.

By GAIL DUGAS

NEA Staff Writer
NEW YORK—(NEA)—In the humid heat of a summer day, the blouse that will not wilt or wrinkle is a boon to the working girl. Or any other girl, working or not.

Blouses in crisp dacron polyester fiber look the same coming and going. Coming to work in the morning, that is, and going home at night. Wherever there are pleats the pleats remain. Ruffles stay crisp; collars keep their smoothness. The entire blouse will recover its fresh appearance quickly, if the wearer is caught in a summer shower. For naturally, these blouses need no ironing, wash easily, dry easily, dry quickly, wear and wear.

These are the ideal travel blouses for summer. Some travelers have reported packing them for as long as two weeks, unpacking them and finding no need for even a light pressing—a real vacation blessing.

A short-sleeved tailored blouse (left), ideal for wear with summer suits, has wide-winged collar and small, triangular cuffs. Both collar and cuffs have all-over tucking. Double buttons provide the neat front closing.

Dressy blouse (right) has pleated double ruff, small collar and long, full sleeves gathered into a pleated frill. Buttons are shimmering brilliants.

Dry, delicate,
and aromatic herbs

The selection and preservation of drugs are among the chief responsibilities of the pharmacist. For proper storage of pharmaceuticals in the sixteenth century, it was specified that moist drugs must be kept in silver, glass, or horn jars and that eye unguents must be preserved in china, whereas marrow, lard, and crude matter of like character could be kept in zinc boxes. Twentieth-century medicines, many of which are extremely delicate in composition, require scientific processing and painstaking care for proper preservation and storage. Development of suitable methods for packaging and preserving drugs is one of pharmacy's many contributions to modern science, through which world-wide distribution of important pharmaceutical and biological products has been made possible.

VA Prepared For Late Rush

GI Bill Training To Get Attention

Veterans Administration has issued instructions so that veterans making last-minute plans to start or change GI Bill courses ahead of the July 25 cut-off date will not be prevented from doing so by any necessary administrative delays, Guy F. Palmer, Manager of the VA regional office in Detroit, announced today.

Since VA anticipates that some of the many late date applications cannot possibly be handled before the cut-off date, it was explained that today's instructions would serve to assure veterans of their full rights to GI education or training.

One of the changed procedures applies to veterans who intend to start GI courses commonly considered avocational or recreational, and who must show VA in advance that the courses will serve definite vocational ends. In the past, the effective date on which they could begin such courses was the date VA granted approval.

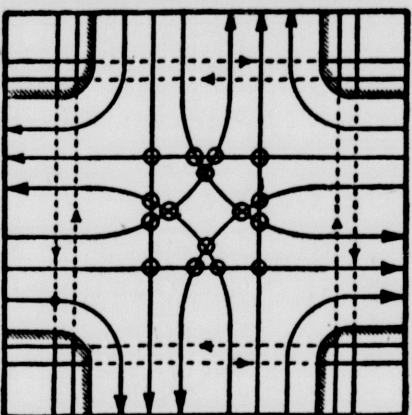

But since approval takes time and there isn't much time left before the deadline, the effective date—once approval has been granted—has been moved up to the date the training begins or the date the veteran's complete application reaches VA, whichever is later.

So under this ruling, a veteran may file a complete application with the appropriate VA regional office and may start his course at the same time, but at his own risk and prior to the cut-off date. Then, if his application is approved, the effective date would be a date somewhat earlier than the actual approval.

A U. S. marine who visited Japan with Commodore Perry in 1854 invented the rickshaw.

Unwritten Laws Of The Road

No. 4: Slow Down For Intersections

Many untrained drivers have a sublime confidence that their cars can go wherever they can see an open space on a pavement—a confidence that, while lovely in itself, is too often misplaced. There are great areas of pavement at an intersection, but none of them can accommodate more than one vehicle or pedestrian at a time on the same spot. The trouble is that there are 82 points of conflict.

Speeding into an intersection is like getting too close to Niagara Falls in a rowboat—you will get sucked over the edge no matter how hard you row. Your rowing, or braking, must be done back upstream if it is to do any good.

New Additions To Sanatoriums Are Proposed

LANSING — The Michigan Tuberculosis association annual report urges carefully planned additions to existing sanatoriums, plus new facilities to serve tuberculosis in several southeastern Michigan counties.

Referring to the three million dollars granted for expanding tuberculosis hospitals, the report states that such a building program "will mean more patients will find care closer to families."

visiting with William Orava at Christmas.

Meeting this aim will increase chances of controlling tuberculosis, added Theodore J. Werle, executive secretary, Michigan Tuberculosis Association.

Werle said getting the sick isolated close to their homes will "cut down on patients leaving sanatoriums before treatment is complete."

It will also "reduce the number of patients having a relapse of the disease," he asserted.

Tending to get victims to the hospital when the disease is in earlier, less expensive stages, Werle said these results could push back tuberculosis and eventually save taxpayer's dollars.

A joint committee of the state legislature will recommend use of the tuberculosis hospital building money.

Pop Bottle Band Is Formed By Youngsters

SWIFT CURRENT, Sask.—(P)—An old aluminum teapot and a pile of soda-pop bottles are the mainstays of Swift Current's unique "Bottle Blowers' Orchestra."

Using small medicine bottles, ordinary-size pop bottles, and quart-size pop bottles (the "bass" section) for accompaniment, the youngsters who make up the band supplement the musical group with tonettes, an auto harp, drum, and a set of melodic bells. Each bottle is filled with colored water to a different level, producing a musical note when the player blows into the top of the bottle.

All musicians play from music.

Flint Man Is Hurt In Crash

Suffers Broken Leg Saturday Morning

Richard C. Rumsey, 21, of 5494 West Carpenter, Flint, suffered a compound fracture of his right leg below the knee in an automobile accident on US-2 at the Cooks corners at 7:30 a. m. Saturday. He was brought to the Schoolcraft Memorial hospital for treatment.

Lewis Pluta, 23, of 5359 Kelly Rd., Flint, riding with Rumsey, suffered a nose cut when his head crashed into the windshield. He was not hospitalized.

The accident occurred when the Flint car, driven by Rumsey but owned by Pluta, crashed into the rear of a dump truck driven by Elmer Genreau, 34, of Manistique. Genreau had slowed to turn into a gasoline station at the Cooks corners.

Manistique state police who investigated the accident reported that Rumsey was unable to swing around the truck because of an oncoming car. His car, traveling at a high rate of speed, slid into the truck after he applied brakes. Both truck and car were headed west.

After the crash the Flint car swerved into a ditch. It was almost demolished and was towed to a garage in Manistique. The truck also was badly damaged.

Rumsey and Pluta were enroute to a town in Wisconsin to visit a friend.

Katherine Kreitler Of Owosso Marries Maurice E. Hubble

Bouquets of white gladiolus decorated the altar at St. Joseph's Catholic church of Owosso, Mich., Saturday morning for the wedding of Miss Katherine E. Kreitler, of Owosso, and Maurice E. Hubble, son of Mr. and Mrs. James Hubble, Route one, Manistique. Rev. S. J. Daniels solemnized the 10 o'clock ceremony.

The bride wore a lace over satin gown with Peter Pan collar and sleeves that came to a point over the wrists. Her skirt was of nylon marquisette with a circular train. She carried a bouquet of white gladiolus with an orchid in the center.

Miss Deloris Kenowich, of Owosso, maid of honor, was attired in a yellow marquisette with lace and a picture hat the same color as the gown. She carried a bouquet of orchid gladiolus. Bridesmaids were Miss Kathryn Herman and the Misses Alice and Marjorie Tyrell, all of Owosso, who wore gowns identical to the maid of honor, with matching hats and carried bouquets of mixed colored gladiolus. Katy and Joan Jonckheere, nieces of the bride, wore flower girls. They wore yellow marquisette gowns with daisies in their hair. They carried colonial bouquets of daisies.

George Cagney, of Kalamazoo, was best man. Tom Billeg, of Ithaca, Mich., Jonckheere, nephew of the bride, was ring bearer.

Mrs. Hubble, the groom's mother, wore a navy blue street length dress with white accessories.

A wedding breakfast at the Farmers' Kitchen was served immediately following the ceremony for the immediate family and wedding party. A reception followed at the K. of C. hall for 355 guests. They left later on a short wedding trip through northern Michigan. The newlyweds will make their home at 322 West Oliver street, Owosso.

The bride is a graduate of Morris high school and St. Lawrence School of Nursing. She is employed at the Memorial hospital in Owosso. The groom is a graduate of Manistique high school, Michigan State College and served in the U. S. Navy for three years.

Out-of-town guests attending were from Foulerville, Calif.; Lansing, Perry, Howell, St. Charles, Morris, Battle Creek, Marshall, Michigan; and Illinois, Maine, Ohio and Wisconsin.

Pairings For Women's Golf On Wednesday Evening Announced

WELL - BREAD — With bread scarce in New York because of a bakery drivers' strike, little Maria Pisano makes sure that her family won't have to go looking for crumbs as she starts home with the haul she made at the neighborhood bakery.

Six Cars Damaged Near Isabella In Crashes Saturday

Six cars were damaged in two accidents Saturday near Isabella, it is reported by Michigan state police here.

Cars driven by Olive McClinchey, of Nahma Junction; Agnes Forslund, of Route One Ensign, and Lawrence Seymour, of Nahma, were slightly damaged at 2:30 p. m. near the Bethany Lutheran church in Isabella. Police said Seymour drove between a group of cars parked on both sides of the county road in front of the church, sideswiping the McClinchey and Forslund machines.

Two cars were badly damaged in an accident at 4:45 p. m. on US-2 near Isabella. A car driven by Hayden Micheau, 34, of route two, Boyne City, slowed to make a right turn, and a car immediately behind him, driven by Roy Cooke, 36, of 763 Charlotte street, Sudbury, Ont., also slowed down. A third car, driven by Minnie Christine Martin, 56, of 1001 Buckingham, Grosse Pointe crashed into the rear of the Cooke machine which in turn was forced into the back end of the Micheau car. The three cars were traveling east.

Damage to the Cooke and Martin cars was estimated at \$350 each by state police. Micheau's car suffered only slight damage.

The Grosse Pointe woman was issued a ticket for failure to have her car under control.

A car driven by Clarence Golden, 24, of 610 Washington street, Waukegan, Ill., was damaged at 2:35 p. m. Saturday when it struck a deer on US-2 about three miles west of Manistique.

Obituary

MARGARET SHILSON
Funeral services for Margaret Shilson will be held at 2 p. m. tomorrow from the Kefauver and Jackson funeral home, with Rev. Paul Sobel, pastor of the Presbyterian church, officiating.

Burial will take place in Lakeview cemetery.

ANNA E. OBERG
Funeral services for Anna E. Oberg, who passed away July 12, were held at 2:30 p. m. Sunday from the Morton funeral home, with Rev. Harold Martinson, pastor of the Bethel Baptist church, officiating. Burial was made in Lakeview cemetery.

During the services Mrs. Julius Settergren sang "He The Pearls Gates Shall Open" in Swedish, with Miss Nadine Westin playing the organ accompaniment. Miss Westin also played the accompaniment and joined Miss Ruth Martinson in singing "Lead Me Home Gently, Father."

Pallbearers were Otis Nelson, Ragnar Carlson, Henry Brölin, Leonard Larson, Harold Carlson and Julius Settergren.

Kasun, Jr. Reservations may be made by calling 539-J.

Mrs. John Vaughan, queen chairman
Manistique, Michigan

To Use Coupons In Picking Queen

Nominations Will Close On July 23

Plans for the selection of a queen for the VFW water festival, to be held at Indian Lake on August 12, were outlined at a meeting of the VFW auxiliary Friday night.

The water festival queen also will become Schoolcraft county's representative at the Upper Peninsula State Fair queen contest.

The coupon system will be used in nominating candidates for the queenship, it was decided, with unmarried Schoolcraft county girls between the ages of 17 and 21, inclusive, being eligible to compete.

Anyone can nominate a candidate for queen by using the coupon system. The coupon will contain space for the candidate's name, age and address; her parent's names, and the school, if any, which she attends.

Nominating coupons must be mailed to Mrs. John Vaughan, queen chairman, by Monday, July 23. From the group of candidates submitted, seven girls will be selected at a preliminary elimination contest during the week of July 22. Final selection of a queen will take place at a subsequent judging contest. Dates and places of the judging will be announced later.

Parents Urged To Register Children For Dental Clinic

Parents who desire to have their children's teeth cleaned and treated with a fluoride solution to prevent decay are urged to register them now at the office of the Alger-Schoolcraft Health department, located in the basement of the court house, it is announced.

The dental program will open on July 30 and will continue for six weeks. It will be held in the clinic room of the Central school building, running five days weekly from 8:30 a. m. to 12 o'clock noon, and from 1 to 4:30 p. m.

Children four to 16 years of age, inclusive, are eligible for treatment at the clinic. The treatment will consist of teeth cleaning and the topical application of a fluoride solution for the prevention of caries. Experience with fluoride in many parts of the state has shown it to be highly effective in preventing tooth decay.

Aged Resident Of Sault Ste. Marie Dies Here Sunday

Herbert Richard Newman, 70, of Sault Ste. Marie, passed away about 4:45 p. m. yesterday at the Schoolcraft Memorial hospital where he had been a patient for the past six weeks. Prior to that time he had been a patient at the Wendland Convalescent Home.

He was born in Darlington, England, on March 14, 1881. The body was prepared for burial at the Kefauver and Jackson funeral home and was taken to the Sault today for funeral services.

Another Big Walleye Taken At Indian Lake

Another big walleye has been caught in Indian Lake, it is announced.

Friday evening Frank Krzyzanski, 445 Delta avenue, pulled a seven pound 10 ounce walleye from the lake in front of Mountain Ash beach. The fish measured 28 and one-half inches in length.

Krzyzanski has entered the fish in the contest sponsored by the Schoolcraft County Sportsmen's club.

CARD OF THANKS

We appreciate more than words can tell, the kindness of neighbors, friends and relatives, during our late bereavement, of the death of our beloved son, brother and uncle. We especially thank the pallbearers, also the American Legion Post 301 of Rapid River, and those who donated the use of their cars, sent flowers and all others who aided us in so many other ways.

Signed:

Mr. and Mrs. Alex Murray and Family

GOOD SKATE — Sixteen-year-old George Lumsden, of Gresham, Ore., was chosen Roller Skating Queen of America at the opening of the American Roller Skating Championships in Cleveland, Ohio. She won the right to represent her territory by defeating a field of 30 other girls in a contest in Vancouver, B. C.

Briefly Told

Good Will Club — The Good Will club will meet at 8 p. m. Thursday, July 19, at the Maple Grove school clubrooms. Lunch will be pot luck.

Choir Practice — The choir of the Zion Lutheran church will meet at the church for rehearsal at 7 o'clock Tuesday evening.

Scrambled Pot Luck — The Women's Missionary society of the Zion Lutheran church will meet at 6:30 p. m. Wednesday at the August Carlson cottage, Ossa Beach, for a scrambled pot luck supper. To Build New Concrete Walks

County Committee Approves Project

A decision to reconstruct the court house sidewalks with concrete instead of blacktop was made by the building and grounds committee of the board of supervisors at a special meeting Friday night.

Specifications for the project will be drafted by Eugene Johnson, county road commission engineer, after which bids will be sought.

The work involves approximately 600 lineal feet of eight-foot sidewalk and will require about 100 cubic yards of concrete. The present court house walks, except for some new concrete near the county jail building are in a badly deteriorated condition. The walks were laid about 1904.

Sewer Excavation Unearths Big Pine Buried Years Ago

A pine tree, believed to have been buried hundreds of years ago by Manistique river action, was unearthed during sewer excavation work recently at the Nick Frankovich home, 135 North Cedar street.

A section of the tree was cut out Saturday by Nick Frankovich to make room for the sewer. The log, still fairly sound, measured 30 inches at its largest end.

Frankovich reported that the top part of the tree was discovered approximately 65 years ago when the house he occupies was built by the Chicago Lumbering company. He said the foundation for the rear part of house was laid over the tree at that time.

The tree lies about two and one-half feet under the ground surface in wet sand.

It is surmised that years ago the river, in cutting away its banks, may have undermined the tree and caused it to fall. Later the tree was buried in river sand as the stream cut itself a different channel.

The Frankovich home lies about 500 feet from the papermill flume, the present course of the river.

Local forest service officials reported that a pine tree, if buried in wet sand, could last 500 hundred years or more without rotting away.

contact Mrs. Howard LaBar or Mrs. Walter Cummings. All members are urged to attend.

FIRST LADY — First woman parachutist in the U. S. Navy, Eva E. Harvey, Parachute Rigger 3d Class, poses in the doorway of a plane before dropping off for her sixth and qualifying parachute jump. The 27-year-old "chutist" won her new rating at Lakehurst Naval Base, Pa.

Local Brotherhood Will Be Guests Of Gladstone Lutherans

The Brotherhood of the Zion Lutheran church will be guests of the Gladstone Lutheran Brotherhood tomorrow evening, it is announced.

Members of the local organization are to meet at 5:45 at the church for the trip to Gladstone. They will be taken on a conducted tour of the Marble Arms plants in Gladstone after which they will be guests at a baked ham and scalloped potatoes supper in the basement of the Gladstone Lutheran church.

RAMBLES WITH REDDY

I symbolize service
That's silent and steady
Plug in, folks, you'll find
I am instantly ready

Not only do I symbolize service, I put it into action the instant you plug in, for I am your silent, invisible servant, always on the alert behind every electric outlet and switch — instantly ready to go to work at your command.

Besides being a favorite household servant, I'm employed by your doctor, lawyer, manufacturer, grocer, dairyman, dentist, farmer, and I guess just about everyone you can imagine, which means I am working both directly and indirectly for you and your family... I give a lot of service for a little money. I bring to each task fresh, new energy—my very best efforts—economical at my low, pre-war rates. Plug in—I'm always ready.

Faithfully yours,

Reddy Kilowatt
Your Electric Servant

EDISON SAULT ELECTRIC CO.

Attention

VFW and Auxiliary members

It has now been definitely established that General MacArthur will not address the joint meeting of VFW post 4420 and its Auxiliary, Tuesday, July 17, 1951, at the post club rooms. Reliable and authoritative sources add, however that the meeting promises to be an interesting one, with a social hour to follow, you are invited to attend.

"Not very considerate of you getting engaged to Miss Bixby—you know she's one of our key personnel"

In This Corner

With Ray Crandall

Softball fans of the Escanaba district are in for a deluxe dish of entertainment next Saturday night when the King and His Court take over at Memorial field. . . This traveling squad of four players is so much better than the usual offerings of visiting clubs there is no comparison. . . It is actually an education in softball as the King (Pitcher Eddie Feigner) and his three mates do things with a ball that surpass belief.

Those who saw the four-man team in action here last year were spellbound with the amazing performance put on by Feigner. . . The King handles a softball like it was a souped up ping pong ball. . . If the weatherman gives us a break next weekend there should be the largest crowd of the season on hand. . . We understand that arrangements are being made to keep the team over for a Sunday appearance if it rains Saturday night.

With Marc Olson, Escanaba Bear right fielder, spattering around in ankle deep water out in the garden yesterday in the game with Wallace, a grand stand humorist shouted to Manager Phil Brazeau: "Get Olson a log to roll out there, Brazeau!" . . . Olson lost to Champion Jimmy Running in the world's log rolling championship derby held recently at Gladstone.

Probably the largest high school football player in the Upper Peninsula will represent Ironwood in the all-star football game at Negaunee next month. . . Ed Stephens, director of the game, tells us he had to get a new uniform to outfit Red Devil Jerome Cevengros. . . Cevengros is a six foot, five inch, 255-pound tackle.

Menominee, foe of the Escanaba Cubs in American Legion Junior baseball tournament play next Friday at Gladstone, has a three-man pitching staff. . . Coach Richard "Red" Lacoussiere lists Wayne Ewald, Chuck Morrison and Bob Melchoir on his mound roster.

Top Hurlers Toil For Second Division Clubs

By JOE REICHLER
(Associated Press Sports Writer)
Ned Garver. . . Bob Hooper. . . Sam Zoldak. . . Conrad Marrero. . . Murry Dickson—unsung pitching stars all.

All fine pitchers, all fierce competitors, all stricken by the same misfortune—all toil for second division clubs.

There are many observers who rate Garver the best pitcher in the American League. The 25-year-old righthander has won 12 games for the cellar-dwelling St. Louis Browns.

Held Even
Garver does not pick his spots, either, seven of his dozen triumphs have been against the contenders. He whipped the league-leading Red Sox 3-1 on five hits yesterday as the Browns held Boston to a split in their double-header.

The Red Sox won the night-cap, 9-5, to widen their lead to two games over the Chicago White Sox who suffered two stunning upsets at the hands of the Philadelphia Athletics, 3-1 and 5-0.

Hooper, 29-year-old righthander, mastered the White Sox for the third time this season, and Zoldak yielded only one hit as the seventh-place Athletics twice humbled Paul Richards' crew. The only hit off Zoldak was a third-inning single by Chico Carrasquel, who was immediately picked off first. Sad Sam faced only 26 men.

Hooper's home run in the top of the ninth with two mates aboard gave Philadelphia its first-game win.

Chicago's one bright spot was

Mickey Mantle Farmed Out On Option To Kansas City

DETROIT—Mickey Mantle, the most publicized rookie of 1951, is back in the minor leagues.

The 19-year-old New York Yankee outfielder, who rocketed to fame on the strength of a .403 batting mark and numerous home runs in spring training, was optioned to Kansas City yesterday.

Mantle was sent down to the Yankees' American Association farm club to make room for Art Schallcock, little lefthander from Hollywood.

Schallcock is slated to hurl today's game against Detroit.

Groomed For Center

Despite his demotion, Mantle still is regarded very highly by the Yankee bigwigs. So much so, that he is to be groomed to fill the shoes of Joe DiMaggio in center field when the great Yankee star is expected to end his glorious career next season.

The New York management has instructed George Selkirk, Kansas City manager, to use Mantle in center field exclusively. The youngster had been playing right field with the Yankees. Bob Cerv, another young slugger in the Yankee chain, will be shifted from center to either left or right.

Mickey Mantle

Munising Tops Gladstone, 7-2

GLADSTONE — Gladstone was the victim of a two-hitter pitched by Frigid as the Redskins dropped a 7-2 Upper Peninsula Baseball league contest at Munising yesterday.

Frigid allowed safeties by Ritter and Kennedy. The Redskins scored their lone runs in the sixth.

Bill Sundling and LaLonde shared Gladstone pitching duties and were nicked for eight hits. Moot homered in the eighth and Pelletier tripled.

Association Race Is Tight Scramble

(By The Associated Press)

The American Association pennant race was closer than the hairs on your head today with the St. Paul Saints two percentage points in front of the deadlocked runner-up, the Milwaukee Brewers and the Kansas City Blues.

The Saints, who were in the league cellar June 11, elbowed into the top spot yesterday by defeating Kansas City, 5-0 and 7-4. The Brewers, meanwhile, were dumped twice by Minneapolis, 8-7 and 4-3 as Cuban left-hander Adrian Zabala, was credited with both Miller victories.

The Louisville Colonels blasted 26 hits in twice thumping the Toledo Mud Hens, 5-3 and 10-6. Mel Hoderlein's two-run homer in the eighth settled the opener. The Med Hens smacked 24 hits in the free-smacking twin bill.

At Columbus, Indianapolis took the opener, 11-6, but bowed to the Red Birds in the finale, 9-7. The Tribe's 16-hit assault, including three homers, a triple and two doubles did the trick in the first game.

Furgol Cops Western Open

DAVENPORT, Ia.—(AP)—Marty Furgol, only a three-year follower of the PGA tournament trails, is the new Western Open golf champion.

It's Marty's second major championship in three years. He won the Houston Open earlier this season.

The Western title was worth \$2,250 and \$100 went to his caddy, Tony Krack, 15, Mohine, Ill.

Furgol, three strokes back of co-leaders Snead and George Fazio at the end of 54 holes, finished 10 strokes under par for the 72-hole route. Cary Middlecoff was one stroke back of him with a 271 total. Sam Snead finished with a 71 and a third place 273. Low amateur was Jim Blair, III, Jefferson City, Mo., with a 287.

Chick Harbert of Detroit collected \$700 for eighth place on a card of 70-69-69-277. Ed Furgol of Royal Oak had 282 good for a 15th place tie and \$240.

Publinks Crown To 20-Year-Old

MILWAUKEE — (AP) — A youngster who got here a week early to practice was on his way home today with the National Public Links golf championship.

He's Dave Stanley, 20-year-old Los Angeles college student, who defeated Ralph Vranesic of Denver in a 38-hole match Saturday at Brown Deer park for the 26th fee course players' crown.

Stanley, a UCLA junior checked in one full week in advance of the tourney opening last Monday. He played the 6573-yard par 35-63-71 layout daily, learning all he could about the tree-lined "single file" fairways, the clover-matted rough and the slippery greens.

And Saturday, with a gallery of 2,000 watching, he had enough left to nip the veteran Vranesic in the longest title match in Publink play history.

The lad, who won the big gold cup the first time he ever played in the tournament, credited the extra practice plus a change in his putting stance for his victory.

Chuck Kocsis Wins State Golf Champ

CHARLEVOIX, Mich. — (AP) — Steady Chuck Kocsis begins over Michigan golf amateurs for his sixth—and maybe his last—year.

The 39-year-old Detroit completed a methodical campaign for the 1951 state amateur crown here yesterday with a 4 and 3 victory over Ted Kuzma of Jackson, the darkhorse entry who was hardly out of rompers when Kocsis won his first state amateur back in 1930.

Accepting the now-familiar trophy, the golfer who was top amateur in the recent National Open at Detroit indicated he might be bidding farewell to state meets.

If Kocsis does bow out, it will be with two more championships than anyone else ever won. He also took the title in 1933, 1934, 1937 and 1948.

Kuzma, 26, won five upset victories—including a semi-final licking of defending champion Ben Smith of Detroit—before he met his master in Kocsis.

Then he couldn't even come close. Young Ted, who manages a tire store in Jackson, took only one hole.

Escanaba And Wallace Tie 2-2, Perronville Downs Bark River

Rain took a hand in the Tri-County baseball league yesterday nailing the Escanaba-Wallace tie with the teams knotted 2-2 in the sixth and chopping short the Perronville-Bark River game with Perronville ahead 3-2 in the fifth.

In other games Stephenson topped Foster City 6-2 with rain halting hostilities after six innings. Hermansville downed Powers 11-6 and Daggett topped Wilson 11-5.

The Bears gained a reprieve in the last of the sixth by rallying for two tying runs Wallace had registered singletons in the second and fifth.

Tying Runs
With one out and rain threatening in the last of the sixth, Dean Bailey walked Tom St. Germaine pinchhitting for Marc Olson, lined a single to right field Bob DuFour followed with another crashing single to score both runners.

Jack Beck worked for the Bears, allowing five hits and fanning five. The Wallace club threw Bud Russell of Menominee at the Bears. He allowed only three hits, walked two and fanned two.

Perronville rallied in the bottom of the fifth to knock off Bark River. Trailing 2-1, Perronville made it a 2-2 game with a homer by Bill Shaffer. Successive doubles by Art and Kelly Johnson accounted for the winning run.

Shaffer allowed five hits, Ray Menard eight from the Bark River mound.

Hermansville combed Bob Corriveau and Joe Rademacher for 18 hits in downing Powers. Mel Sandrin was the winner. Lenio Perronville collected four hits in five trips, including a homer, and drove in six runs.

Dave Lesperance was the winning pitcher for Daggett.

Peacock was the winning pitcher for Stephenson, allowing six hits, fanning four and walking four. Charlevoix gave up five hits but was wild walking four, hitting two and tossing two wild pitches.

He fanned six.

Ben Johnson homered for the losers and Bill Tebo doubled for Stephenson.

Gladstone Racers Win At Michigamme Lake

GLADSTONE—Two Gladstone racers took prizes in outboard racing yesterday at Michigamme.

Fred Pepin won first prize in the class B stock utility event and third in the class B open.

Irving DeRoos took second in the B stock utility, third in class B open and fourth in class C stock utility.

Gov. G. Mennen Williams, accompanied by Senator Blair Moody, started the first race.

Chandler Not Closing The Door On Baseball

READING, Pa. — (AP) — Baseball fan A. E. "Happy" Chandler is headed back to his native Kentucky today, no longer the commissioner.

But he told a crowd of 3,000 attending a dedication of Reading's \$650,000 Municipal Memorial Stadium yesterday he is "not closing the door entirely on baseball and might be back."

But the former U. S. senator and governor of Kentucky wouldn't elaborate. Nor would he comment on a report major league players are considering him as their representative in dealings with owners.

Vince Boryla, one of the basketball stars for the New York Knickerbockers in the NBA, works as a salesman for a book concern during the summer months.

Cooks Wins To Cop First In Bay de Noc

Cooks moved into first place in the Bay de Noc baseball league yesterday by whipping Rapid River 14-4 as Manistique suffered its first loss of the season to Trenary.

Trenary upset the former leaders 3-1 while Fayette topped Garden 11-2 and Perkins edged Cornell 5-4 in other league games.

Tad DeMars and Joe Halverson shared mound duty for Cooks with Gaylor. Swagart and DeMars catching. Cooks converted 17 hits into 14 runs while Rapid River collected a dozen hits off DeMars and Halverson. Potzin and Gibson worked on the mound for the losers with Anderson catching.

11-Inning Win
Begovac scattered three singles and a double to post the 11-in-

ning Trenary win over Manistique. Don Carlson went the distance for the losers, allowing nine safeties, including doubles by Marceau and Johnson.

Trenary scored the two winning runs in the top of the 11th when Carlson yielded two hits and hit a batter.

Perkins pulled its win over Cornell out of the first in the top of the ninth to erase a 4-3 deficit. With two away, Nelson, Jokela and Westlund collected hits to produce the two runs and Cornell went down in order in the last of the ninth.

Hit-And-Run Boat Kills Two Men On Detroit River

(By The Associated Press)

Two men killed by a hit-and-run boat on the Detroit river were among 18 who died accidental deaths in Michigan over the week-end.

At Detroit police and coast guardsmen were searching today for the hit-run craft, described as a 40-foot sailboat traveling under power with its sails furled.

It hit an outboard-powered rowboat carrying the victims shortly before last midnight about 1,000 feet from the shore. Three men were tossed into the river. One died of injuries, another drowned, and a third was rescued.

Victims were: Thomas Loftis, 53, and Hector Cornet, 58, both of Detroit.

Anthony Klinicki, 41, of Detroit, was rescued and told police how the bigger boat rammed his runabout aft of the left bow, smashing it. He was rescued by a passing cabin cruiser.

Loftis died of spinal injuries inflicted by the propeller of the outboard or that of the passing boat. The body of Cornet had not been recovered today.

Monday's Truce Talks In Korea Are Harmonious

(Continued from Page One)

representatives to go to Kaesong under revised negotiating conditions prescribed by the U. N. Commander Gen. Matthew B. Ridgway.

The photographers were waiting outside the residence where armistice talks are held. The Communist generals readily accepted the photographers' invitation to pose in a patio on the American side of the building, in marked contrast with the manner in which they had rushed out from the morning meeting.

City Now Neutral

At the end of the morning session a Red orderly dashed from the building and called for jeeps. The North Korean and Chinese delegates walked briskly from the building and climbed into their Russian-made jeeps.

The whole city had taken on a neutral tone as the result of Red acceptance of U. N. demands. Details were worked out Sunday, when conferences resumed after a three-day break.

AP Correspondent John Randolph said from all appearances the Communists were observing their agreement.

There were no armed guards along the route from the U. N. peace camp to Kaesong. There were none at the conference site.

North Koreans military police were in Kaesong, as agreed Sunday, but they did not come near the meeting place. They carried Russian-type burp guns slung across their backs.

Randolph, three other correspondents and an Army captain strolled freely through the city, trailed by 100 cheering children.

Some guards cowered at the party, but there was no incident.

Members of the official Communist party, who had remained wholly aloof Sunday, smiled and attempted to converse through interpreters with allied newsmen on Monday. Several Red photographers examined cameras carried by the Americans.

Dispute Patched Up

The U. N. and Red press parties arrived in Kaesong for the first time Sunday afternoon, and began busily photographing each other.

In a two-hour session Sunday negotiators patched up differences that had led to the interruption of cease-fire talks. Allied headquarters announced conferees agreed:

"1. The road leading to the conference site shall be open to unrestricted use of vehicles of the United Nations command delegation. No notice will be required for such movement.

"2. The neutral area, five miles in radius, with a traffic circle in Kaesong as its center would contain no armed personnel except the minimum need for military purposes. Such personnel (military police) could be armed with small arms.

"3. Any personnel required for security at the conference site would be defined as an area having a radius of one-half mile, centered on the conference house."

Things went so well in the session that some observers were hopeful the task of drawing up the agenda would be completed in a few days.

Pakistan Says India Is Stirring Up War

KARACHI, Pakistan — (P) — Pakistan's prime minister charged yesterday that 90 per cent of India's army is poised on his country's borders and accused the Indian press of inciting war against Pakistan.

The prime minister, Liaquat Ali Khan, told a news conference he had appealed to India's Prime Minister Jawaharlal Nehru and the western powers "to remove the threat" and would appeal also to the United Nations security council.

Muslim Pakistan and Hindu India have long been feuding over Kashmir, where a U. N. truce now prevails. There have been numerous charges and countercharges of truce violations.

Top Hungarian Diplomats Told To Leave U. S. A.

WASHINGTON — (P) — In a new eye-for-an-eye move against a Soviet satellite, the United States has ordered Hungary to withdraw two of its diplomats, including the acting chief of the legation here.

A little over a week ago, Communist Hungary ordered out Albert W. Sherer, jr., second secretary of the American legation at Budapest, and Miss Ruth Tryon, head of the U. S. information services there.

In evident retaliation, this government yesterday handed formal notice to Hungary to withdraw Lajos Nagy, second secretary and charge d'affaires, and Peter Varkonyi, attaché.

In both instances, the method was the same—a declaration that each of the diplomats was "persona non grata," or unwelcome. Under long diplomatic tradition, that leaves the home country no alternative but to withdraw the person involved.

The state department gave no details on why the two Hungarians are no longer welcome here, but a spokesman suggested that a reporter wouldn't miss badly if he drew his own conclusions about retaliation.

Kansas City Flood Peak Passes; Loss Over 500 Million

(Continued from Page One)

Aid has poured in from coast to coast and from Canada.

In Washington, President Truman asked Congress for a \$15,000,000 emergency fund to help alleviate hardships in Missouri and Kansas.

A House appropriations committee was expected to approve the fund today.

In this metropolitan area, muddy waters still swirled over thousands of acres of industrial districts. Waters, ranging from a few feet to 20 feet deep, stretched over railroad yards, livestock industries, grain elevators, oil refineries and manufacturing plants.

A fire, burning since last Friday, has virtually destroyed 24 buildings and damaged others. At least 14 men suffered injuries battling the billowing flames in a flooded section.

It was fed by more than 1,000,000 gallons of oil.

The fire has engulfed lumberyards and the storage tanks of six oil companies. Intermittently firemen brought it under control only to have it flare up again.

Fuel Tanks Explode

Violent explosions of fuel tanks and naphtha tanks forced many nearby residents, not in the flooded section, to flee their homes. The fire area is in both Kansas City.

An explosive situation also existed in the Fairfax industrial district—the last of three major industrial areas to be flooded.

Water ranging up to 15 feet covered much of the 3,000-acre area. Oil from the Phillips refinery oozed into the flood waters.

Harry G. Fair, the refinery's superintendent, said he did not know just what damage was done by incoming waters but "we can be sure there was straining of connections beneath big storage tanks as they were tilted. The strain could be much worse as the water receded."

"We wouldn't have seen anything in Kansas City yet if some spectator should unconsciously light a cigarette."

Workers patrolled many of the plants in the four water-covered industrial areas.

Cattle On Ramps

At the armourment pack plant, some 30 men labored to save perishables and livestock. More than 300 cattle were being kept alive on a ramp above water.

Similar work was being carried on by other firms.

A dramatic fight on dikes apparently had saved the Kansas City, Kas., municipal water and light plant.

Bulldozers and trucks and cranes threw up protecting dikes to keep out river waters. Army engineers, National Guardsmen and hundreds of volunteers provided the labor.

Had the water swept into the plant, the city of 130,000 would have lost its water, light and power supply.

A fifth industrial and residential district—North Kansas City, Mo.—is a ghost town. While the flood waters failed to get into the rich industries and homes of the 4,000 residents, all persons were evacuated and businesses shut down.

It probably will be another day before they can return.

Shops Destroyed

JACKSON—(P)—A fire started when several children at play threw rocks together to get sparks destroyed a barn on the Russell Bent farm near here Saturday. The loss was estimated at \$2,500.

THIS WAY OUT

DAYTON, Ohio — (P) — So, the police said to the truck driver: "Get out of here, mister." Then, they escorted him to the city limits to make sure he did. The truck was parked on a downtown street and it contained 31,000 pounds of six-inch Navy shells loaded for shooting.

Resolution Approved To End U. S. State Of War With Germany

WASHINGTON — (P) — The House foreign affairs committee today approved a resolution to end the state of war between the United States and Germany.

President Truman asked last week that Congress take such action. He said that unfortunately Russia had made a formal peace treaty impossible.

Spalding

Joseph Grapel Funeral

SPALDING, Mich. — Funeral services for Joseph H. Grapel, 63, Spalding, were held at the Boyle funeral home in Bark River on Thursday afternoon. Burial was in a family lot in Spalding cemetery.

Mr. Grapel, who was born in Mabel, Minn., Oct. 30, 1887, died at his home in Spalding at 3:30 Monday afternoon, July 9. He had been ailing for the past 10 years after suffering his first heart attack while working in the woods.

Mr. Grapel spent his youth in Mabel, Minn. He enlisted in the U. S. Army Nov. 29, 1913 at Fort Snelling, St. Paul. He served in Manila during his first enlistment period and was recalled to active service during World War I, serving as a first class gunner in the 38th Artillery C. A. E. with the rank of corporal. After his discharge from the service on June 4, 1920, he came to Spalding.

He was a charter member of the Tony Revord post of the American Legion at Powers.

Mr. Grapel is survived by one son, Dale, of Waukegan, Ill.; two sisters, Mrs. Louretta Bradburn of Spalding and Mrs. Minnie Miller of Davenport, Iowa; two brothers, Louis, of Tomah, Wis., and Carl W. Grapel, of Atkinson, Ill.

Slow Passenger Rams Freight, Shakes Up 36 In Central Vermont

SWANTON, Vt. — (P) — A slow Sunday smashup of a Central Vermont railway passenger train and a freight shook up 36 persons yesterday but most were able to continue their trips after treatment for cuts and bruises.

General Manager J. A. Rogers said the passenger train, the Ambassador, was rolling about 20 miles an hour when it crashed into the rear of the freight.

He said the Ambassador was braking for the Swanton stop and the freight was idling in the yard awaiting orders.

The Kerbs Memorial and St. Albans hospitals reported treating 36 persons for cuts and bruises.

Most went on aboard the Ambassador which left Montreal at 8:20 a. m. (EST) and split into two sections at White River Junction, one for New York and the other for Boston.

The crash came about 9 a. m. (EST) and the cause was not determined.

A young crow can eat its weight in food in a day.

M. N. Smith Dies Of Heart Attack

(Continued from Page One)

worshipped at St. Patrick's church and was a trustee of the church. He was a member of the Knights of Columbus, Escanaba Council 640, a charter member of the Escanaba Elks lodge, served as president of the Escanaba Golf club many seasons, was a past president of the Escanaba Chamber of Commerce, a member of the Escanaba Rotary club and of the Hiawathaland Notre Dame Alumni club, which in 1950 named him "man of the year."

Interested In Sports

Keenly interested in athletics, he enjoyed both baseball and golf as his main hobbies. He was president of the Escanaba Baseball association at the time of his death. He also took an active part in the promotion of welfare projects in the community and served as treasurer of the Salvation Army board of trustees.

He is survived by one son, Stack Smith, three grandsons, Matt, Tom, and Stack, jr., of Escanaba; and one sister, Mrs. Anna Hyland of Madison Wis. Mrs. Smith died February 27, 1937.

Funeral services will be held at 10 Tuesday at St. Patrick's church and burial will be in Holy Cross cemetery. The body is in state at the family home, 800 Lake Shore Drive.

Chicago-To-Mackinac Race Slowed Up By Rain-Pelted Swells

MACKINAC ISLAND, Mich. — (P) — The Sabre from Sheboygan, Wis., led 59 yachts across the finish line today in the 44th annual Chicago-to-Mackinac sailing race.

The Sabre wallowed across in a slow-moving, five-miles-an-hour wind at 11:51.26.

Nearest to the Wisconsin boat was the Escapade, a Detroit craft, which passed Gray's reef, 32 miles from the finish line, at 9:03 a. m. (EST) the Sabre passed the reef at 8:10.

Rain and weather that reached almost dead-calm proportions during the night slowed all the vessels.

Times will have to be corrected and handicaps figured before an official winner is declared.
